All Rights Available

\$17.99 U.S.

TP

Fans of Brynne Weaver and Navessa Allen will delight in this killer dark romcom by upcoming author L.M. Gilmore. When your soulmate's a serial killer, true love gives 'touch her and die' a whole new meaning—but all the red flags in the world won't stop Roxie from being with the man of her dreams until death (or murder) may they part.

After narrowly escaping death at the hands of a serial killer, Roxie wants one thing and one thing only: her rescuer's phone number. Too bad he disappears into the night, determined to return to his solitary life of hunting down the men who give serial killing a bad name.

The last thing Maximilian Ruscombe wants is to be saddled with an unhinged stalker who's determined to make him out to be some kind of hero. But when Roxie puts herself in the direct path of another serial killer in order to draw him out, he has no choice but to kidnap her and take her in hand.

Only instead of showing fear at her captivity, Roxie kind of likes it. In fact, she's never had a hotter experience in her life. She'll stop at nothing to enjoy it again and again...even if it means convincing Max to let her be used as bait to draw out one of the worst criminals Sin City has ever seen.

As the pair of them join forces to catch a killer before time runs out, Max and Roxie discover that dating in the modern world comes with its challenges—especially when one of them is a sociopath and the other just wants her Happily Ever After.

The Dark in Her Veins

M.K. Lobb

From a critically acclaimed UK bestselling author comes a noir romantic fantasy set in a world in which sin is a fatal disease and the rich hire the poor to carry out their basest instincts—until the forbidden romance between a sinner and a mysterious figure threatens to destroy everything.

In the gritty, glittering city of Valestadt, every crime—from the smallest infraction to the largest atrocity—leaves its mark in the form of Bloodrot, a wasting disease that slowly eats away at its host. For the poor, sinning is a death sentence. For the rich, it's just another expensive pastime. After all, anyone can be bought.

Talin Keller is a sinner. She has learned to rely on nothing and no one—traits that have served her well as right-hand woman to the holiest man in the city, the Prophet. Talin's job is to get her hands dirty so the Prophet's can stay clean. It's a job she's frighteningly good at, and judging by her rapidly advancing Bloodrot, it may also be her last. But when a routine assignment puts Talin on a collision course with the Prophet's most hated enemy—a shadowy underworld figure known as "the Warden"—she begins to see a future for herself that doesn't involve a body bag. If she can get close enough to the Warden, she can trade his capture for her own freedom.

The closer Talin gets to the Warden, though, the more she finds herself falling for his sharp edges and twisted sense of justice. As the lines between good and evil—between saint and sinner, between lover and enemy—begin to blur, Talin finds herself at the center of a conflict that could destroy everything.

For readers of *The House in the Cerulean Sea* comes a fantastical story of found family, love, and acceptance from *New York Times* and *USA Today* bestselling author Ann Aguirre.

Thea Winter has been stolen. She’s the other side of the changeling story, raised by a hobgoblin named Mudge, who taught her wildcraft, how to survive coin-sith attacks, and how to get one to show its belly—but not how to stay out of trouble. Now she’s facing an unwanted marriage of convenience.

Or she would be, if her spouse hadn’t bolted. Instead, Thea must hunt down Devan J. Fenelon, accompanied by a taciturn, humorless hunter known as Winter’s Hound, who answers only to his cousin and has no interest in this quest.

Kerboros has never known freedom. His life is a series of ceaseless commands from his reprehensible cousin, Lord Liskaal. Since his father’s failed rebellion, Kerboros has survived only as an example to others—an object lesson in how far one may fall. He has his own hidden dreams and secret schemes, but what he wants most, he will likely never attain.

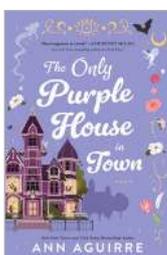

Until he receives his next assignment: escort Thea Winter and protect her during the search. It’s a glorious torment to travel with her.

She is sunshine. He is shadow.

Their love is forbidden, but when an irresistible force meets an immovable object, the resulting reaction might be magical...

Want Me, Take Me, Haunt Me, Make Me

Isabel Crowley

AUGUST 2026

9781464241413 \$17.99 U.S.
 Contemporary TP
 Sourcebooks Casablanca 320 Pages
 World

All Rights Available

- **Major praise for previous books:** Booksellers have called Ann's paranormal romances "fresh and unique", with bestselling authors calling them "adorable romance we need right now." (Kristen Callihan, *New York Times* bestselling author of the Game On series).
- **Bestselling author:** Ann Aguirre is a *New York Times* bestselling author with more than a half a million copies sold.
- **Trending genre:** Quirky, cozy romance is on the rise, as proven by authors like TJ Klune and Travis Baldree, and this hook perfectly blends rom-com, traditional fantasy, and cozy goodness.

The Conjuring takes a turn for the dark and spicy in this chilling horror romance by debut author Isabel Crowley.

Hazel Lewis has a serious problem. The guy who hired her to conduct a seance before he died turned out to be a serial killer with a demonic contract, and the seance itself was a trap. Hazel escaped with her life, but not as she knew it: the bite of a demon is spreading through her body, letting the supernatural bleed into the world around her, and the now-dead serial killer is waiting to take over her body if she dies.

Hoping to contain the damage, Hazel moves to a small house in a remote location. She figures she'll stay on her own until she gets a handle on her new dark reality, but she soon finds out that she's not alone. There's the reporter demanding answers, the friendly neighbor with chemistry she doesn't need and problems he can't talk about...and the mysterious face she sees beyond her window, watching her every night with glowing red eyes.

Making her hunger.

Hazel knew a little bit about the world beyond the physical. Now she's learning how much she doesn't know, including who she can trust...and who she can become if she trusts herself enough to give in to the shadows stalking her dreams.

- **Blockbuster genre:** Dark romance is a huge (and growing) subgenre, and Isabel Crowley's horror-themed spin will sit comfortably alongside authors like Sophie Lark and H.D. Carlton.
- **Phenomenal hook:** Blending the chills of a horror movie with the spicy thrills of sexy dark romance plus a propulsive mystery underscoring the heroine's haunting, this book has something for every reader.
- **Story tropes and romance heat level:** Dark romance, morality chain hero; R+.

Secrets of the Omega Court

Katie McCarthy

The Claiming

The first in an exciting new spicy Omegaverse, Why Choose series that blends epic fantasy with the modern-day world, perfect for fans of Katee Robert and Jeneane O’Riley.

Over two hundred years ago, omega, alpha, and beta Varra left their dying world and crossed the veil to bring their magic to Earth. There, the Varra formed their own secret communities in which the strongest courts ruled, while humans remained oblivious to the strangers in their midst. But as time passed, their connection to their once-great power dwindled, and now omegas are as vanishingly rare as they are desired.

- **Series info:** The first book in The Claiming series
- **Tropes and heat level:** Omegaverse, why choose, romantasy, enemies to lovers, R+ very high heat.
- **Fiery hook:** A hook that sells itself, perfect for fans of *Bride* and *Court of the Vampire Queen*, with enough heat to set #SpicyTok aflame.
- **Deluxe edition:** This is a beautiful deluxe edition of this novel.

The third in a contemporary fantasy series effortlessly blending modern magic with Southeast Asian mythology for fans of Sarah J. Maas's *Crescent City*. A werewolf's darkest enemy returns for a woman bound to ancient magic, pushing him and the cursed Rose he protects into a fight that will reshape their future.

Thomas, the Darke Consortium's resident werewolf, never expected to cross paths again with the woman who once shared a single, unforgettable night with him. But Sahlin is no longer the woman he remembers. Transformed by the mystical soil of the Himmaphan, she now lives as the Rose—and her newfound power has made her the target of three rogue werewolves desperate to reclaim their humanity.

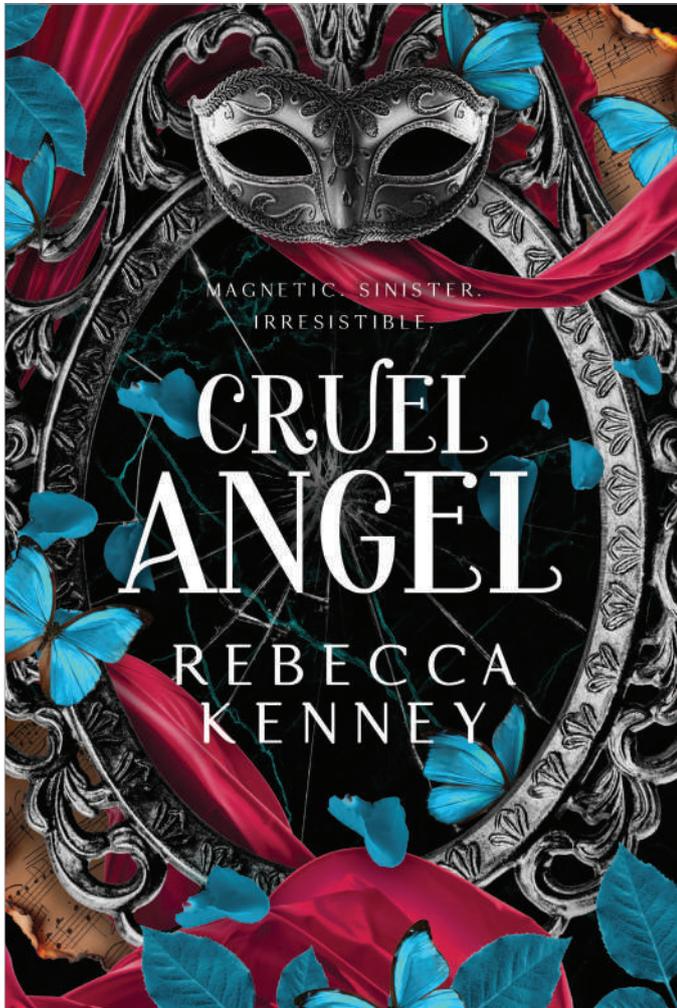

Thomas knows one truth above all others: there is no cure for lycanthropy. But he also knows he will not let Sahlin face this nightmare alone. Sheltering her within the hidden supernatural world she never knew existed, Thomas helps Sahlin confront the terrifying symptoms of her curse and uncover what she needs to survive. As the bond between them deepens, so does the danger. The mastermind who twisted her fate soon strikes, launching a brutal siege on the Consortium's island sanctuary.

Magic clashes against magic, monsters rise, and in one desperate moment Sahlin discovers that the Rose carries a defense as fierce as it is deadly. As the starcrossed lovers fight for their very survival, they must learn the rhythm of her curse, define their new place in the world, and decide what their future—chosen freely, fiercely, and forever—might become.

Neon Gods meets *The Phantom of the Opera* in this spicy modern retelling with a magical twist.

Haunted by the violent death of her parents, Christine Daae longs to find solace in music, but her anxiety won't allow her to perform for anyone. Left without an inheritance, she lives and works at the New Orpheum Theatre, an industrial complex that's been partly transformed into a luxurious event space. But when Christine ventures into the uninhabited section of the building, she discovers a stairway with fantastic acoustics and hears a ghostly male voice offering to give her singing lessons.

With the Phantom's praise boosting her confidence, Christine successfully auditions for the first time, and her childhood friend Raoul casts her in his upcoming musical. But Christine has secrets of her own, and spending time with the Phantom and Raoul jeopardizes the truth she's desperate to conceal.

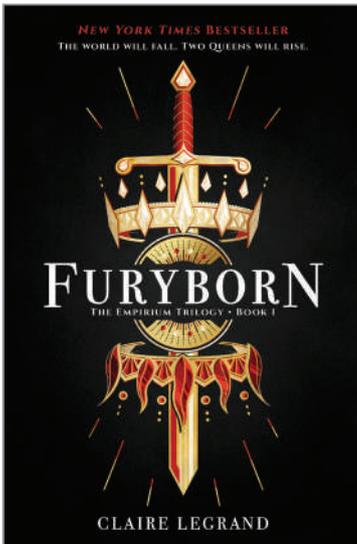

As her mysterious mentor becomes more demanding and obsessive, Christine realizes how powerfully his darkness calls to hers. Raoul and the Phantom clash over Christine, but the heat between them quickly shifts into something more seductive. Confessing what the three of them truly crave is risky enough... but an unexpected supernatural threat could rip them apart forever.

- **Deluxe packaging:** This special deluxe edition has a beautiful stained edge in addition to art, bonus scenes, and more.
- **Hot subgenre:** High-heat retellings are very much in the zeitgeist and these fractured literary fairy tales play with familiar stories in a unique and compelling way.
- **Phenomenal hook:** Perfect for fans of Katee Robert and Emily McIntire, with enough heat to set #SpicyTok aflame.

Furyborn

Claire Legrand

The Empirium Trilogy

Return to the magic of the beloved bestselling Empirium trilogy, fully revised for an adult audience and including new and expanded scenes, updated world maps and appendices, and more, perfect for diehard fans and new readers alike.

When assassins ambush her best friend, the crown prince, Rielle Dardenne risks everything to save him, exposing her ability to perform all seven kinds of elemental magic. Only two prophesied queens should possess this power: a queen of light and a queen of blood. To prove she is the Sun Queen, Rielle must endure seven trials—or face execution.

A thousand years later, the legend of Queen Rielle is little more than a fairy tale to bounty hunter Eliana Ferracora. When the Undying Empire conquered her kingdom, she embraced violence to survive. But when her mother vanishes, Eliana joins a rebel captain on a dangerous mission and uncovers an evil more terrible than she ever imagined.

As Rielle and Eliana fight in a cosmic war spanning millennia, their stories intersect—and the fate of their world rests on the connections between them.

A Rose of Blood and Binding

Claire Legrand

The Middlemist Trilogy

New York Times bestselling author of Furyborn, Claire Legrand, delights in this thrilling conclusion to the steamy, lush, and epic Middlemist trilogy, perfect for fans of Bridgerton and A Court of Thorns and Roses.

War is raging in Edyn, and the battered Middlemist can barely hold itself together. Olden monsters terrorize the land, and the gods are awakening from their ancient slumber—but if the vengeful Kilraith destroys them, all will be lost. It's up to the Ashbourne sisters—demigods, daughters of the goddess Kerezen—to stop him.

But the sisters are spread thin. Gemma and Talan search desperately for the gods, while Farrin and Ryder shelter refugees amid unrest in the capital. And Mara Ashbourne, bound to the Middlemist and longing for a home she can never return to, is just trying to survive.

As Mara battles invaders to protect her fellow Roses, the presence of librarian Gareth Fontaine proves a dangerous distraction—charming, brilliant, and hiding shadows of violence and shame beneath his dazzling smile. As they search the Old Country for Kilraith's final curse—anchors and signs of the late queen Yvaine, a slow-burning passion sparks between them—one that could finally lead Mara home...or drive both worlds toward ruin.

Father Material

Alexis Hall

London Calling

First came love. Then came marriage. Now comes the biggest challenge Luc and Oliver will ever face.

Luc and Oliver have been through it all: fake dating to save Luc’s career; I-guess-this-is-actually-for-real dating when all of that blew up spectacularly; (briefly) breaking up over irreconcilable differences; (definitively) getting back together over perfectly reconcilable everything else; (almost) getting married; (finally) moving in together; and ultimately celebrating years of perfect domestic bliss.

But as all their very grown-up-now friends begin reaching new life milestones, advancing careers, and having babies, Luc and Oliver decide it’s time to open their hearts and lives to something (and someone) new: a tiny, squirming, adorable bundle of furry joy named Spud.

And maybe now that hearts-and-lives are open, there’s room for someone else. Something more. Something that may require them to find in themselves a little father material.

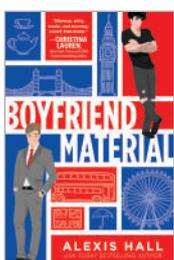

- **Bestselling series:** The sequel to beloved *Boyfriend Material* and *Husband Material*, following the fan-favorite characters on the next step in their lives.
- **Award-winning author:** Alexis Hall is a two-time Lambda Literary Award finalist and was one of the first LGBTQIA+ RITA® winners in 2016.
- **Series information:** *Father Material* is the third book in the London Calling series. Can be read as a standalone, but best enjoyed as part of the series.
- **Story tropes and romance heat level:** Opposites attract, New Adult on the way to Adult, madcap humor; PG-13.

Annie Jones is stuck repeating Christmas Eve until she finds everything she's been missing in life in this heartwarming time loop Christmas romance for fans of *Miracle on 34th Street*, *Groundhog Day*, and *Josie Silver's A Winter in New York*.

Annie Jones works hard designing windows for iconic New York City department store Lawson's Finest. So when her Christmas window display gets upended by some rambunctious kids on Christmas Eve, the all-too-realistic store Santa gives Annie a little decorating tip on how to start over. With help from friendly security guard Braden Tate, Annie repairs the damage and heads home. But when she wakes the next morning, she's bewildered to find that it isn't Christmas day at all, but Christmas Eve all over again.

Trapped in a time loop, Annie doesn't know how she'll ever make it back to the present. Luckily, she has an infinite number of chances to get things right. As little everyday choices bring her closer to Braden and to Christmas day, Annie starts to picture what her new life—one full of friendship, love, and community—could look like.

WELCOME TO A UNIQUE, ROMANTIC ADVENT ADVENTURE!

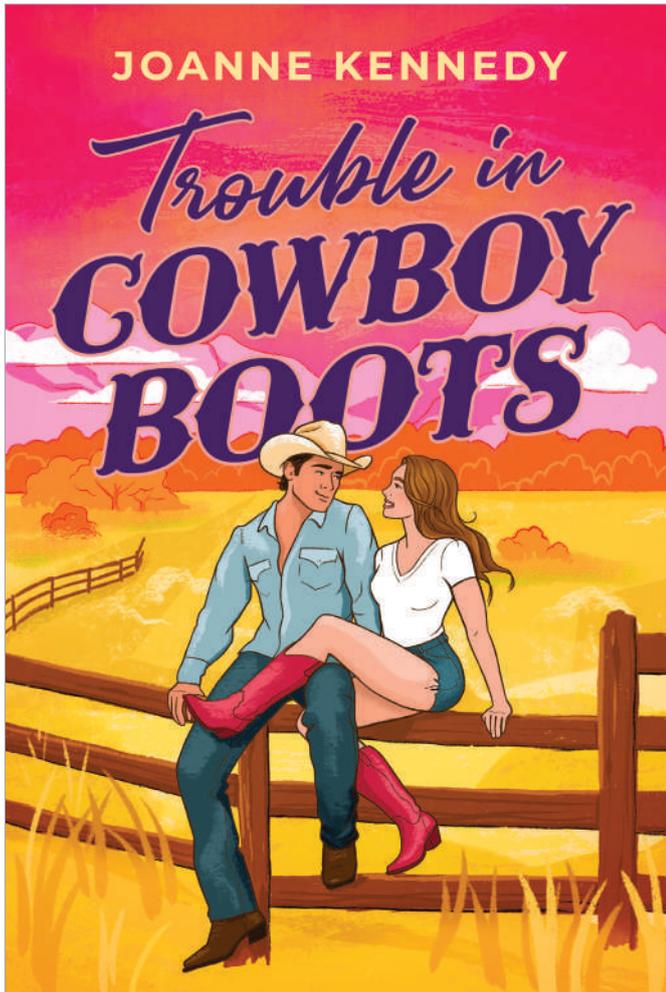

Each day's installment is inside a simple pocket that's easy and fun to open, for a delightful read every day leading up to Christmas.

- The 2025 exclusive edition of this Advent book shipped 45,000 copies and Indigo sold out within the first two weeks of September.

Trouble in Cowboy Boots

Joanne Kennedy

Blue Sky Country

Award-winning author Joanne Kennedy is back with a brand-new cowboy romance!

When Shelby McFadden escaped her life in a wealthy Southern suburb to run off with the rodeo, she traded country club afternoons and charity balls for pickup trucks, bucking horses, and a faithless cowboy who makes her life a misery. One busted marriage and two kids later, she finds herself in small-town Wyoming, living with her two precious boys and her ex-husband's surly grandfather.

Shelby can barely make ends meet waitressing in Wynott. There's no way she can stay—but the tall, sexy town marshal makes her wish she could. She's sworn off relationships, but Matt Lassiter is everything she should have looked for in a man. He's kind, protective, and her boys love him.

When Shelby's ex finds out she's spending time with Matt, he sweeps into town and takes the boys, leaving no trail, no matter how hard Matt tries to track him. Shelby decides she's been asking too much of life. If she ever gets her boys back, she'll never look at Matt Lassiter again—but Matt, the town, and the boys themselves are determined to change her mind.

It's *Beaches* for the modern reader in a warmly funny yet heartrending story of female friendship from the author of *The Lonely Hearts Book Club*.

TO THE BEST FRIEND WHO EVER WAS: THIS IS YOUR GUIDE TO LIVING WITHOUT ME

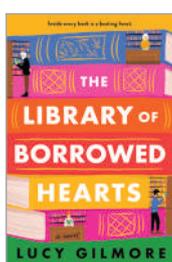

Chrissie Thomas has always done what's expected of her. A struggling single mom with a mountain of guilt and very little time for herself, she's spent her life putting others first—until her lifelong best friend, Scarlett Sanderson, insists it's finally time for the cross-country road trip they've dreamed about since childhood.

From the moment they set out, Chrissie and Scarlett are determined to chase joy: quirky roadside attractions, hot springs, and maybe even an unexpected flirtation or two. But as miles turn to memories, Chrissie begins to sense that this trip isn't just about escape—it's about a goodbye Scarlett hasn't yet found the courage to admit is coming.

Scarlett has always been the fearless one—the spark in every moment, the laughter in every heartbreak. But hidden beneath her boundless joy is a truth she's kept from the person who knows her best. This trip isn't just a reunion—it's a farewell. And as they draw closer to their journey's end, Scarlett will have to do the hardest thing she's ever done: teach the best friend who's always been by her side how to live, to thrive, without her.

John Tucker Must Die meets The Final Girl Support Group in a biting slasher following three women who lure their cheating boyfriend to a remote mountain cabin, only to realize that darkness lurks within the very walls, waiting to pick them off one by one.

When three women discover that they've been simultaneously dating the same man, their outrage quickly spirals into a plan for revenge. Each has their own reasons to dole out justice, all fueled by a singular betrayal, and so they hatch a plan to lure their boyfriend to a remote ski retreat in a secluded romantic cabin on the top of a snow-covered mountain.

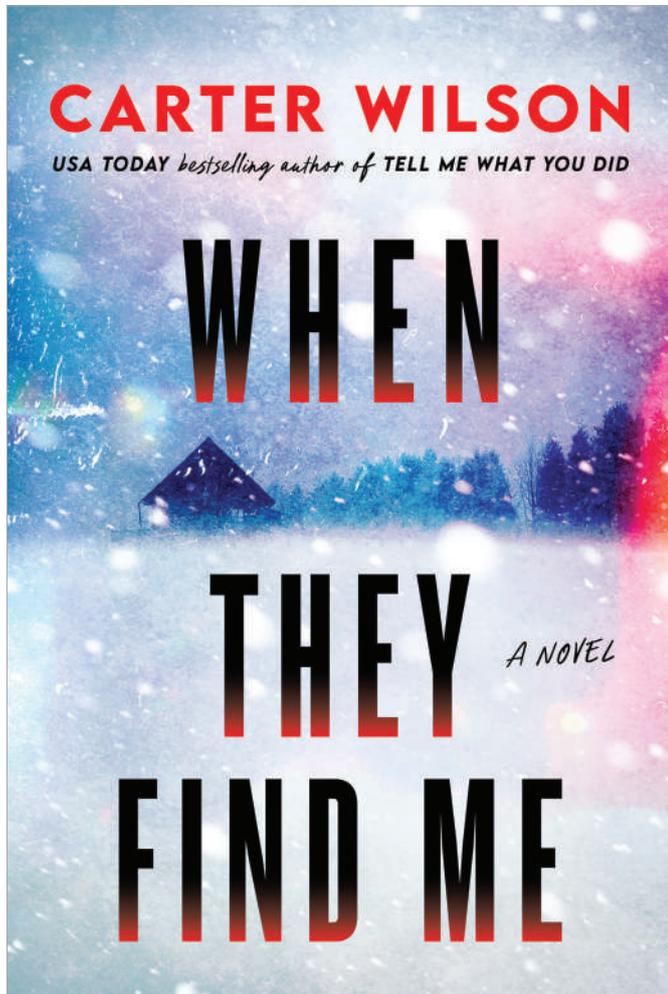

But what starts as harmless payback and a chance at humiliating the jerk who hurt them takes a chilling turn when their not-so-adoring boyfriend is found dead in the cabin.

Stranded and snowed in, the women must grapple with their paranoia and suspicions—are they all suspects, or is there a more sinister force at play? As tensions rise and the storm outside rages, secrets and hidden motives come to light, making the snowy retreat a deadly trap. Each woman must confront her own demons as they uncover whether one of them is the killer, or if an unknown threat lurks in the freezing wilderness, waiting to come for them all.

- **Buzzy category + fresh author voice:** This is a sharp and searing slasher with a “Good for Her” bent that fills a hole in the category for both thriller and horror fans, centered on an all-women cast and written by a female author.
- **An uber-pitchable hook:** *John Tucker Must Die*, but make it bloody—this is a fantastic hook with all the trappings of a bestseller: a chilling snowy cabin, an eerie folklore legend, a riveting game of revenge, and a diverse cast of badass women perfect for a classic slasher flick.

One woman is desperate to stay hidden. The other must hunt no matter the cost...

Expanse, Colorado. Population 313. A town so remote it barely exists on a map—the perfect hiding place for Annie Wolfe and her daughter, Coral. Their cabin is nearly off the grid, and Annie has done everything to keep them safe. Everything. But the past has sharp teeth, and it isn't done with her yet.

Riven knows about survival. She and her family have lived off the land for years, moving like shadows through the wilderness. Now her father has led them to this forgotten town, tracking the man he swears destroyed their lives. The plan is simple: strike fast, take revenge, and disappear. But when Riven knocks on Annie's door, their worlds collide. What follows is darker, stranger, and more dangerous than either woman ever imagined—because the hunt isn't just for vengeance. It's for the truth. And in Expanse, Colorado, the truth can kill.

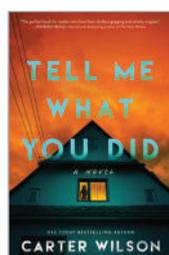

- **Strong hook:** A dual-perspective thriller with twists and turns that will keep readers on their toes.
- **Hot category:** An exciting take on the psychological suspense genre.
- **Perennially successful author:** *USA Today* bestselling author Carter Wilson continues to prove his talent as a storyteller and build his platform through his own podcast interviewing other successful crime fiction authors.

Sharp Objects with a dash of Practical Magic in this southern gothic thriller with cool-girl edge from *USA Today* bestselling author Emma C. Wells, following two estranged sisters who will do anything to protect each other—even murder. Again.

Milly can't divine the future anymore, and maybe that's a good thing. Lately, her life has been bleak enough; she doesn't need the now-silent tea leaves to tell her. She's alone and waitressing in a sleepy town while her estranged younger sister thrives miles away in a shiny new life with a shiny new marriage. Milly doesn't blame Francis for wanting nothing to do with her—not after what happened in that Tennessee meadow a decade before.

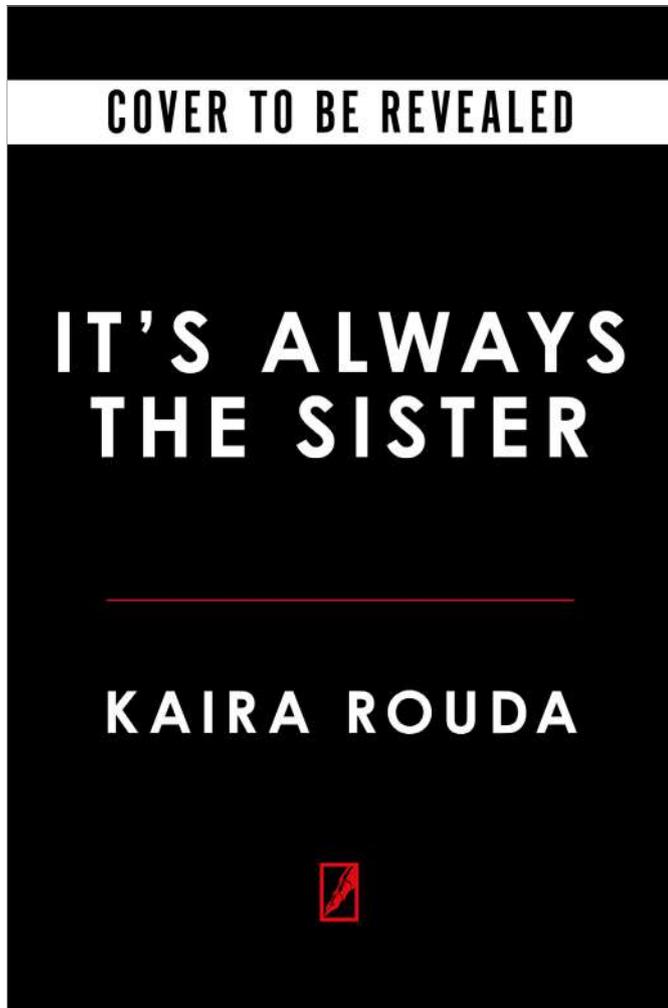

But when Francis shows up on Milly's doorstep with a black eye and a plea for help escaping her well-connected, wealthy husband, Milly can't say no. Especially when the tea leaves are finally crystal clear: if the sisters don't kill Francis's husband, he'll eventually kill her.

But if they're going to plot a murder, the sisters have no choice but to return to the one place—and two aunts—they'd left behind. A place where another body—and a multitude of secrets—were buried. Because this isn't the first time the sisters have needed to dispose of a bad man. In fact, they might be pretty good at it.

- **The big gets bigger:** Emma C. Wells is a multi-week *USA Today* bestselling author who received a B&N Our Monthly Pick, a LibraryReads pick, and an Amazon Best Book of the Month. She is someone to keep an eye on, and her follow-up is poised to grow her readership even larger.
- **Queen of the cool girl thriller:** With sisterhood at its core and a "good for her" thread, this is the perfect sophomore thriller for Emma, featuring characters that stick with you as you root for all their wrongs.

From *USA Today* and Amazon best-selling author Kaira Rouda comes a wicked tale of love, loss, betrayal, and greed. Set in the high-stakes world of investment banking and speculation, a young woman goes up against the power elite to prove that her sister was murdered to cover up corporate fraud.

Cassie and her older sister Lisa have always been close, especially since their mother killed herself after being defrauded of her life's savings by a Ponzi scheme, and Lisa stepped in to raise Cassie. Now both adults, Lisa is an up-and-comer at EXO Capital, while Cassie is a reporter at a dying business newspaper. Lisa has always reached high, but when her affair with the CEO's son abruptly ends so that he can marry within his station, little details like corporate fraud and Lisa's pregnancy are best dealt with swiftly and irreversibly.

When Cassie learns that Lisa has fallen to her death from the executive terrace at EXO, she knows that her sister was pushed. Lisa had hinted at becoming a whistleblower, and the official theories of suicide and accident are a bit too convenient. So Cassie does what any good sister would do: she gets herself invited to the son's wedding in Portugal, where she plans to unmask the guilty party in front of his peers. But accountability and justice are elusive after a body washes ashore the morning of the wedding, and all eyes turn to Cassie, who was the last to see the victim alive. As her carefully constructed ruse begins to unravel, Cassie finds that she is a murder suspect. With the help of a journalist, she races against time to find evidence against the true guilty party, to exonerate herself, and to secure justice for her beloved sister—or die trying.

When their best friend is murdered, four women decide to take hypothetical revenge. But their imagined murders soon turn into total carnage when someone discovers their secret desires and is bent on taking them down in this dark thriller perfect for fans of Karin Slaughter and *The Butcher Game*.

When Helen Wyatt is murdered, her four best friends await as justice is served and her attacker is put behind bars. But when Damien Gatner is acquitted of all charges, Helen's best friends are left without closure. In the wake of their grief, they decide to get revenge. Hypothetically, of course. And in a moment of pure catharsis, the women host a girls' night with a bit more bloodshed, sharing the four different ways they would each kill Damien to avenge Helen.

A week later, a murder is discovered that mirrors one of their imagined killings. And then another. What started as a cathartic exercise soon ends in carnage, with suspicion falling on the four friends: sure and steady den mother Sue; writer and mother of two Jackie; outspoken feminist Rebel; and their sweet, rainbows-and-unicorns friend, Willow.

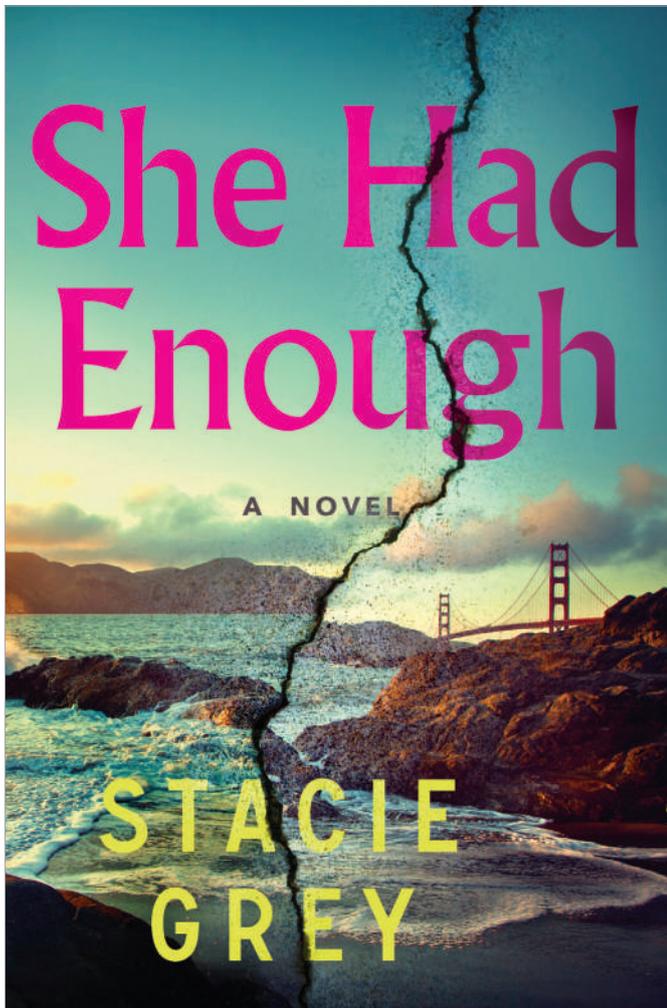

It seems someone has discovered their secrets, and the women will have to hunt down who is framing them—or, even more chillingly, who is capable of murder themselves.

The ultimate "Good for Her" read, this is a friendship story with teeth that paints a vivid picture of revenge, both imagined and actualized, that will leave your jaw on the floor.

- **Meet the new revenge fantasy:** A chilling, high-concept hook with multi-POVs, Aldyn delivers a searing story of friendship and justice, with a healthy dose of revenge. This is female friendship with teeth.
- **A staple in the space:** With a stunning follow-up to her chilling debut, *Sister, Butcher, Sister*, K.D. Aldyn is perfectly poised to become a staple in the thriller space with her tried-and-true themes, consistent suspense, and sharp writing.

She Had Enough

Stacie Grey

Six friends. One dinner. A secret that won't stay buried.

When Mallory Jordan reconnects with her old college friends for a rare night out, she doesn't expect much more than small talk and shared memories. But Caitlin, the quiet one of the group, is clearly upset—distracted, anxious, on edge. A brief conversation in the bathroom hints at trouble, but before Mallory can ask more, the night ends.

Days later, the world shatters—literally. A catastrophic earthquake devastates San Francisco, and in the chaos, Caitlin's distress becomes a distant memory.

Six months later, as the city begins to heal, Mallory learns Caitlin died just days after their dinner. No one else seems to have noticed or questioned it. And the more Mallory digs, the more Caitlin's life—and death—stop making sense. The clues lead back to that night, to the friends Mallory thought she knew, and to secrets they've all been keeping.

But the closer Mallory gets to the truth, the clearer it becomes: some secrets were meant to stay buried.

A gripping mystery for fans of Angie Kim and *Listen for the Lie*, following three characters investigating the death of a young girl years before: the brother, the best friend, and the detective, all searching for connections as a string of new murders upends the community, forcing them to question which pasts should remain buried.

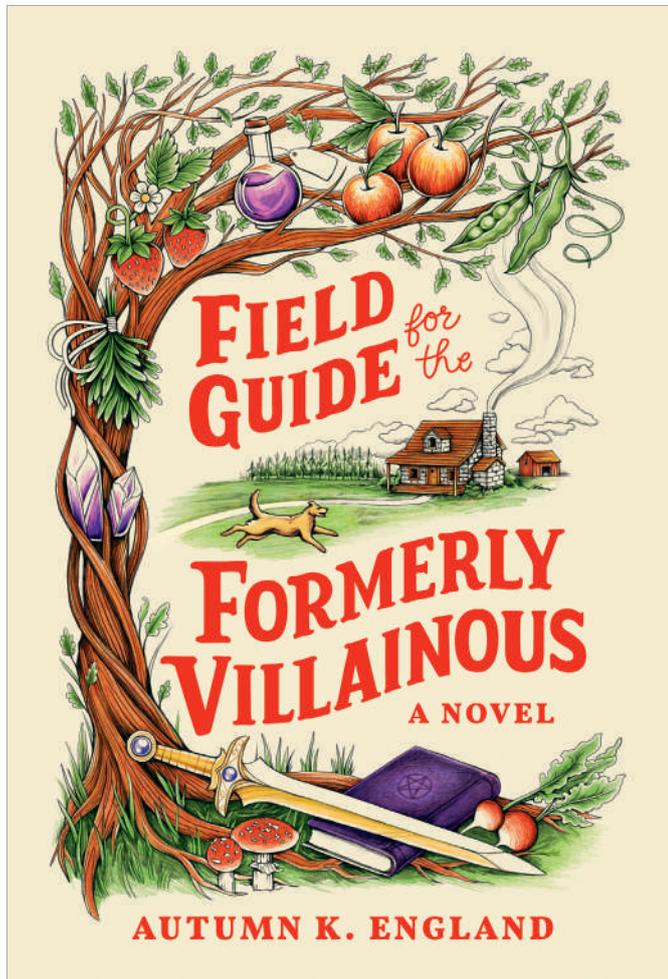

Gracen Ridpath, host of the successful YouTube channel for stay-at-home dads, Gracen Stays Home, is known for his handy tips and trademark self-deprecating humor. But off-camera, Gracen struggles with recurrent depression and an eating disorder—the aftereffects of a tragedy that shaped him and everyone else in his hometown of Meander.

When Gracen mentions his sister Douggy’s long-ago death for the first time on his channel, he taps a vein of interest he hadn’t known existed and finds himself discussing a theory he’s kept to himself for years: that Douggy chose to die—that at ten years old, she purposefully ingested death cap mushrooms. And he’s finally figured out why... and who is to blame.

At first, Gracen enjoys the jump in views, but soon his shift in content brings Quinn, Douggy’s childhood best friend, back to Meander, looking for answers. And when people start dying around them and Detective Kirsten Boon of the Melakwa County Sheriff’s Office arrives in town, Quinn and Gracen find themselves at the center of an investigation that will prove to have deadly consequences.

Field Guide for the Formerly Villainous

Autumn K. England

A charming, timely, and emotionally resonant LGBTQIA+ cozy fantasy about the importance of community and mental health, perfect for fans of T.J. Klune and T. Kingfisher. What happens to all the mind-controlled minions when the evil villain is finally vanquished? They move to the country, become farmers, fall in love... and finally find a safe place to heal.

When Oaklin Nettlewood (accidentally) joined an evil cult at the age of seventeen, they and the rest of their small community were promptly whammied by mind-control magic and forced to do unspeakable things. Now, years later, the realm's heroes have bravely saved the day, defeated the villain, and shattered the last remnants of the spell...leaving destruction in their wake. Because the evil minions who were nothing more than obstacles to the heroes of the world were Oaklin's last remaining family and friends, and now, as the entire realm celebrates, Oaklin is left alone to pick up the pieces.

And so, with a spell-damaged memory and a whole bushel of trauma, they buy a small farm on the edge of Mossley's Rest and swear an oath: after all the things they were forced to do with their magic, they will never use it again. Ever. But the gentle ghost who lives in Oaklin's house has other ideas. And as she coaxes Oaklin out of their shell and back into the world, Oaklin begins to find companionship (in the form of a grumpy horse and a very good boy dog), friendship (the local bard and magical baker who should just kiss already), and even romance (a paladin turned librarian who makes Oaklin's heart flutter).

Healing comes in gentle waves, and Oaklin doesn't have to do it alone. So what does it mean when an inquisitor comes to town just as Oaklin begins to think that maybe, just maybe, they deserve a happy ending after all?

The Claus Conspiracy

Tamara Berry

A witty, rompy mystery full of holiday hijinks from award-winning author Tamara Berry! It's beginning to look a lot like murder in this holly-jolly mystery where true crime meets tinsel.

Six months into her new life in Arizona, former journalist-turned-PI-turned-barista Amber Winslow is settling into a slower pace—podcasting with her grandma’s octogenarian friends at Seven Ponds Retirement Community. But her quiet days take a sharp turn when a battered, amnesiac teen crashes into her life—literally.

The girl, dubbed Mal, only knows Amber’s voice from the Death Comes Calling podcast and arrives with two things: a Post-It note containing Amber’s address and a dead Santa Claus in her trunk...

As the quirky retirement crew and Amber investigate, they uncover strange links between Mal, a string of rogue Mall Santas, and a Navy SEAL past that ties back to Amber’s PI ex-boyfriend, Bones. The team races to find answers, navigating a tangled web of secrets involving suspicious Santas, deadly drugs, and one very personal bombshell that changes everything Amber thought she knew...

The Guncle meets Every Time I Go On Vacation Someone Dies in a fun, quirky mystery following a spoiled nepo baby who is forced to work at a struggling summer camp. But when a local legend turns into a real mystery, things quickly go haywire, forcing him to solve the murder before there are even deadlier consequences.

Mikey Hartford IV has it all: the posh apartment, a group of friends who love him, his private jet, and an inheritance set to kick in on his thirtieth birthday. But when his father discovers another one of his rash purchases, the elder Hartford changes the terms of his trust. And unless Mikey can prove that he can make a positive contribution to the world—one that doesn't involve throwing cash at his problems—he won't see another cent.

That's how Mikey finds himself at Camp Lore, a struggling camp in upstate New York, volunteering for the summer. But Mikey isn't sure he can survive camp, let alone the gaggle of twelve-year-old misfits who won't leave his side. And things go from bad to worse when his campers become obsessed with "the legend of the missing counselor," a local campfire story set at the strange, abandoned cabin on the grounds. But what's the harm in letting them investigate? It's just a ghost story after all...

But what starts as a legend soon becomes dangerously real when Mikey's campers discover clues that point to the hidden dangers—and murders—beneath Camp Lore. And with the camp director threatening to shut down by the end of the summer, Mikey soon finds himself wrapped up in a shockingly real murder mystery. And with death on the line and crooks coming out of the woodwork, what better way to earn his inheritance than by solving a true crime?

- **Clever, joyful mysteries are in:** For fans of Benjamin Stevenson and Kristen Perrin, this is at the helm of the new, diverse cozy mystery space, featuring a queer main character, a twisty murder, and a romantic side plot—welcoming a broad readership.

First Love Last Love

Adele Griffin

For fans of *Daisy Jones and the Six* and *A Star Is Born*, Adele Griffin's *First Love Last Love* is a deeply romantic, emotionally sweeping novel about first love, fame, and the long road to finding yourself—even if it takes a lifetime.

Vida Jamison has spent years building a life she can count on—steady job, solid marriage, a teenage son who still occasionally lets her hug him. But a winter storm, a grocery run, and a familiar voice speaking her full name—Vida Marie—are enough to turn certainty into quicksand.

Elijah Beck, her first love and most enduring wildcard, is back. Rock star, Grammy nominee, tabloid headline, and the one person who has always known how to get under her skin. He claims he's here to fix what's broken—maybe himself, maybe them.

When a collision, both literal and emotional, lands them in the hospital, Vida must face the question she's avoided for twenty years: is Elijah her greatest mistake, or the love she was always meant to find again?

Because first love doesn't always fade. It imprints and echoes. Sometimes, it waits.

Elijah has spent a lifetime being wanted but never quite held—by the industry that made him famous and the people who adored him from a distance. Once, Vida never looked away. As children, they spoke a language only they knew; as teenagers, they built a world inside Sparrowbank, the house where Elijah's mother took Vida in when she needed it most. Now, time seems to fold in on itself, the years collapsing between them.

But nostalgia is dangerous. The past can pull you under as easily as it can set you free—and this time, they might not have a choice.

From the acclaimed author of *The Clinic* and *The Bridesmaid*, a frantic thriller of a criminologist who wakes in a remote motel with a new identity and sketchy memories, surrounded by people she doesn't know with dubious intentions.

Criminologist April Anderson wakes in a remote motel with a new name, a fake ID—and no memory of why she fled her comfortable life in New York. Told she's under witness protection, April isn't sure who to trust—the cop guarding her, or the fiancé secretly tracking her. As April unpicks her memories, she discovers a side to herself she'd rather stay hidden.

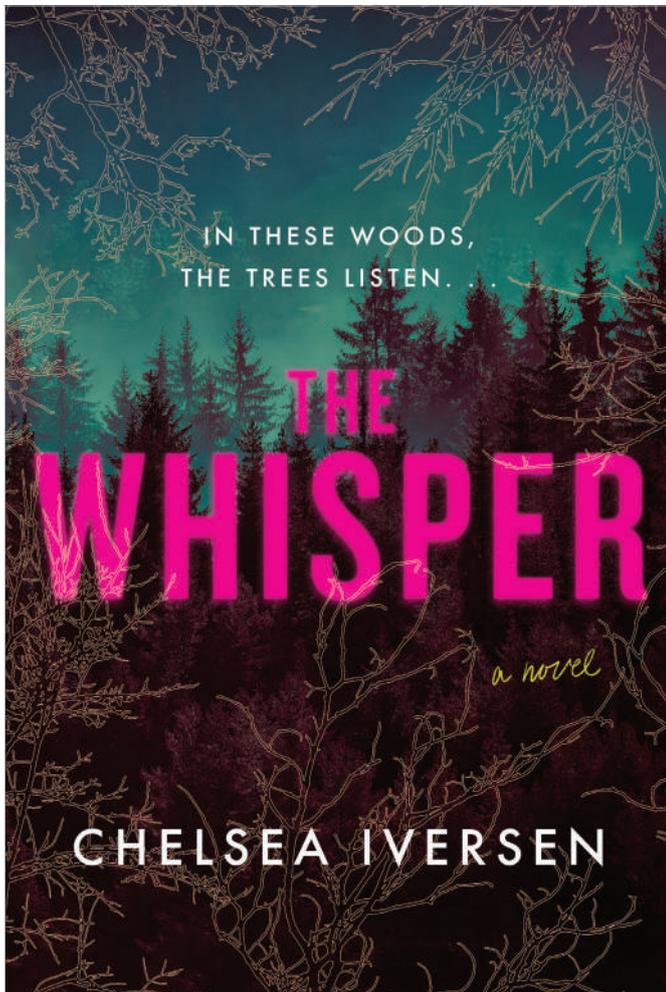

But someone else wants her silent, and as the trial date closes in, her missing memories may be the only thing keeping her alive. Will she remember the truth... or disappear forever?

- **Building on sales success:** *The Clinic* has proven itself a steady seller, with 44,000 copies sold in print POS and 28,000 ebooks sold. Readers can't get enough of Cate Quinn.
- **A critical darling:** All of Cate Quinn's books have received praise from critics such as *The New York Times* and bestselling thriller authors like Alex Michaelides, Julie Clark, and Adrian McKinty.

- **Standout prose:** Gorgeously written, perfect for readers who have ever wondered what memories inspire a chart-topping love song.
- **Incredible author partner:** Extremely well connected in the adult fiction community, with blurbs from Jenny Han, Rebecca Serle, and J. Courtney Sullivan.

The Whisper

Chelsea Iversen

Alice Hoffman meets Riley Sager's *Middle of the Night* in *The Whisper*, a speculative thriller following a group of friends who must return to the small mountain town where they grew up to confront the past and use their power to find justice for their dead friend...

Rule 1: When the trees whisper, listen.

Rule 2: Don't go into the woods alone.

In the small mountain town of Whisper Ridge, the girls were inseparable. Joey, Quinn, Sophie, and Elena lived by six rules as they channeled magic in the woods. The first being: when the trees whisper, listen. But all rules are forgotten and all bonds broken when Quinn is found dead in the trees.

The friends scatter, all except Joey, who can't move on. Until, fifteen years later, she hears the trees whisper. Those woods remember some of Quinn's last words, and for the first time, Joey realizes she may learn the truth of what happened to her best friend. And so the friends will return to Whisper Ridge, to the woods that once held their magic and their secrets. But unearthing the truth about Quinn puts them all in danger, and they'll need to channel their power for the first time in fifteen years to put the past to rest.

Practical Magic meets Starling House with a dash of Carissa Orlando in a southern gothic tale following one woman from a family of psychics who will do anything to save the haunted house she grew up in. But when her sister returns to town, a newfound magic begins to grow inside her, and she'll have to confront deadly family secrets that have been buried for far too long.

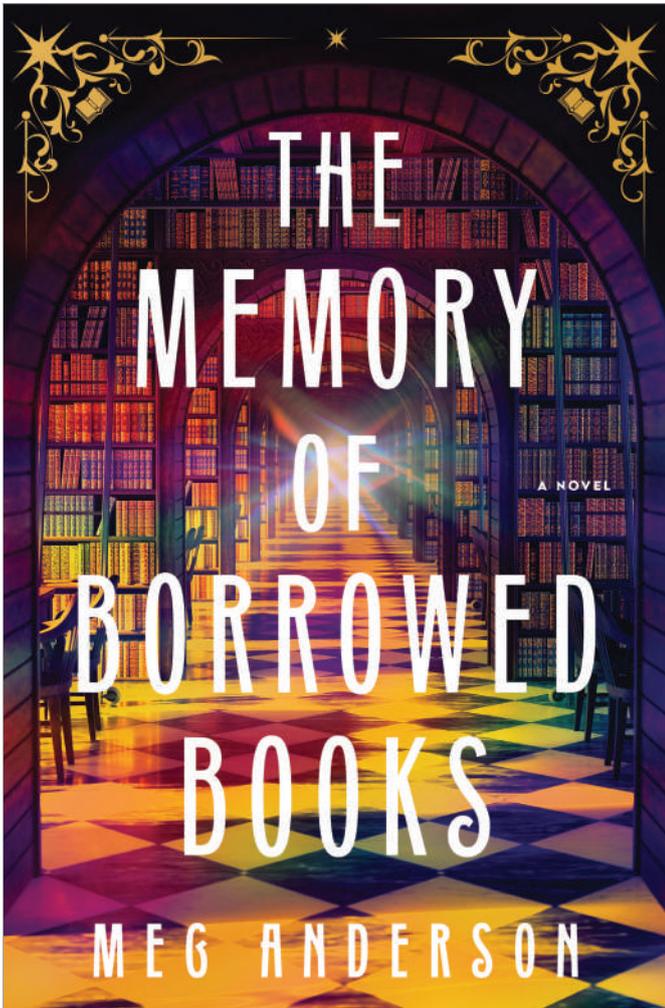

Charley Bryde is miserable in a house filled with magic. The only woman in a long line of famous psychics not to inherit the family gift, she spends her days inside Crimson House, the coveted family mansion in Memphis, Tennessee, living in the shadows of her talented older sister, Miranda. But when a shocking tragedy scatters the Brydes across the globe, Charley is forced to grow up on her own—and fast. As the money runs dry and Charley's ownership of Crimson House is put at risk, she's left with no other option: turn the manor into a haunted attraction and start representing the family brand with lies, cons, and expertly read tarot cards to make ends meet.

When a skeptic starts targeting Charley for the fraud that she is, she'll stop at nothing to save the family legacy. But the skeptic's arrival cracks something open in Charley that the Brydes wanted to remain buried. Deep. And when Miranda shows up unannounced after eight years away, the two come to realize that Crimson House—and their own family—hold secrets even the greatest psychics couldn't foresee. Secrets that will threaten to destroy them.

- **Horror is hot:** Readers continue to gravitate toward genre fiction, and this read delivers for horror-lite fans. Ghosts and demons, grounded magic, a haunted mansion, and a southern gothic setting—this has just enough horror and mystery to satisfy, while also appealing to the general fiction reader looking for something slightly spooky.

With the emotional resonance of *How to Read a Book* and the magical edge of *The Lost Bookshop* comes a stunning ode to community, following one librarian who discovers a mysterious room filled with her patrons' unfinished memories—and the one memory that might save both herself and her library.

In the New England coastal town of Foxhollow Bay, librarian Claire Ashford lives quietly tucked away in the centuries-old library where she works, keeping all things—herself included—in order. When the town threatens to shut it down, Claire discovers a door that shouldn't exist, leading to a hidden room filled with books only she can see.

Each book pulls her into someone else's memory—unfinished stories and fragments of lives long past. One memory, of a bridge and a solitary figure, refuses to let go. And when Claire meets Julian Thomas, a patron who sketches the same bridge, she realizes their lives may be more deeply connected than she understands.

With time running out and demolition looming, Claire must confront the memory she's spent years trying to bury—before the truth, and the library itself, disappear forever.

• **Books that love books (and libraries):**

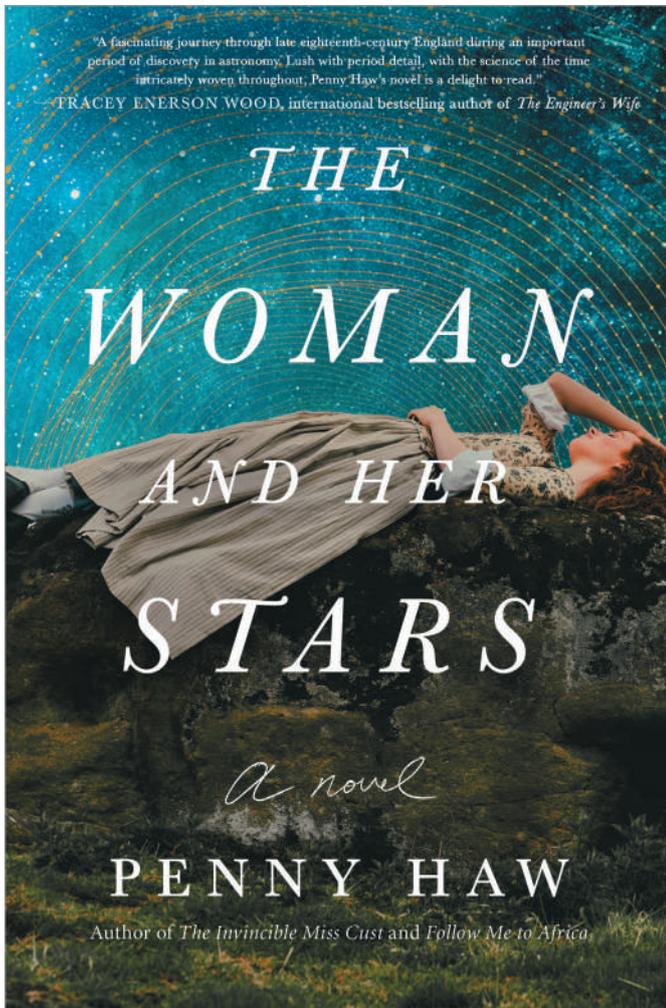

A beautiful “books about books” story underscoring the importance of libraries as safe spaces.

• **Lovely speculative edge:** With echoes of *Evie Woods* and *The Book of Doors*, this offers an inviting, magical entry point for speculative readers.

• **Incredible, empathetic writing:** Elevated prose and deeply human characters place this alongside Monica Wood's *How to Read a Book*.

The Woman and Her Stars

Penny Haw

For fans of *Her Hidden Genius* and *The Engineer's Wife* comes the awe-inspiring true story of Caroline Herschel, an eighteenth-century astronomer who lived in the shadow of her brother before paving her own path among the stars.

1772. Caroline Herschel is beholden to her celebrated musician brother, William, who rescued her from servitude and brought her to Bath. When William becomes obsessed with astronomy, Caroline follows him to Windsor, where the siblings advise the king and join the Royal Astronomical Society. Overshadowed by her brother, Caroline quietly studies the stars—until she realizes she is every bit the astronomer the men around her claim to be, and must break free to claim her own place in the heavens.

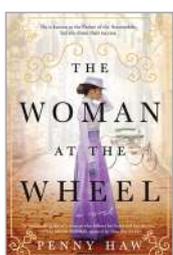

Based on the true story of Caroline Lucretia Herschel (1750–1848), *The Woman and Her Stars* illuminates the life of a woman taught to serve, but whose genius and resolve made her one of the world's leading astronomers. Set within the societal constraints of the Georgian and Regency eras, this is a moving story of self-belief, friendship, and triumph.

- **Book club appeal:** Beautiful writing, a fascinating historical moment, and a powerful female lead make this ideal for book clubs.
- **Regency appeal:** Set across the Georgian and Regency eras, this offers a fresh historical angle with Jane Austen–era charm.

The Mountains We Call Home

Kim Michele Richardson

From the author of *New York Times* bestsellers *The Book Woman of Troublesome Creek* and *The Book Woman's Daughter* comes a spirited, book-infused return to Appalachia, told by the original *Book Woman*, Cussy Lovett.

In this standalone companion novel to *The Book Woman of Troublesome Creek* series, legendary book woman Cussy Lovett returns home. A powerful testament to strength, survival, and the magic of the printed word, the story paints a vivid portrait of Kentucky life, examining incarceration and criminalization, the effects on the poor and powerless, and the societal consequences of fractured family bonds—alongside nostalgic glimpses of a bustling Louisville and heartwarming portraits of reading in every facet of life.

Meticulously researched and richly detailed, this authentic Kentucky tale introduces a new cast of compelling characters in a story that is gritty and heartbreaking, yet infused with hope, spirit, and courage.

From the author of *Doll Parts* comes a suspense injected with the gothic presence of Edgar Allan Poe, following two outcast sisters who run the failing family bar after the mysterious disappearance of their father, but when one goes missing while an elusive serial killer is prowling the streets, the other will have to traverse the dark underbelly of Baltimore to find her. Perfect for fans of Liz Moore, Jessica Knoll, and Shirley Jackson.

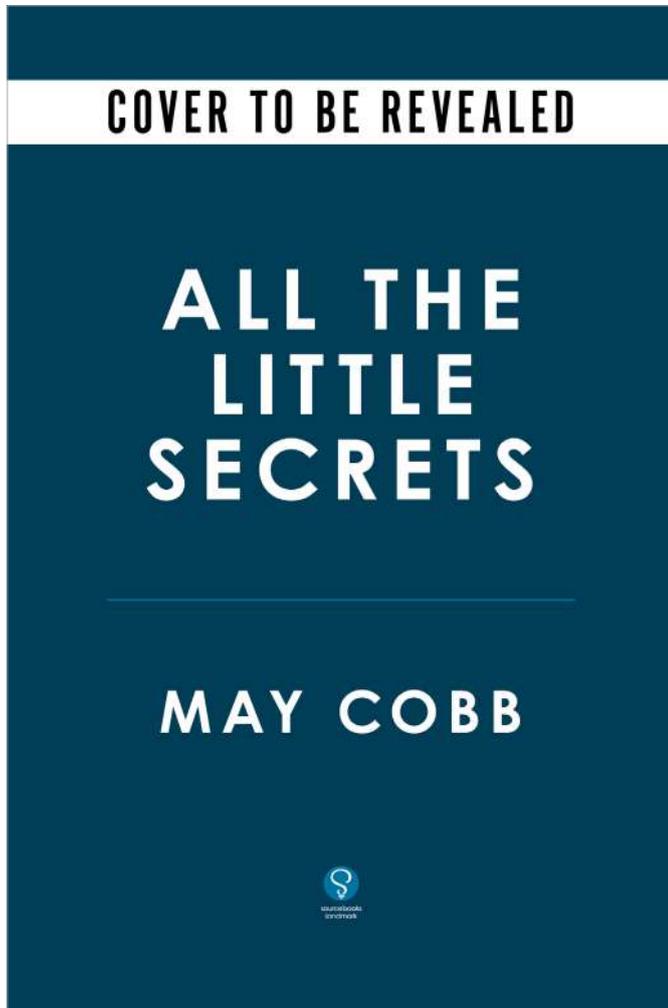

Baltimore, 1985. Madeline is still processing her father's mysterious death. Before, her and her sister Annabel lived alone in the apartment above Goldie's, the family bar where they spent their off-hours partying until sunrise and dreaming about their unsure futures. Now, Annabel hasn't left the apartment in months, the neighborhood has spread nasty rumors about the family, rumors that detectives are now taking seriously, and Mad is struggling to run the bar all on her own. When a picture makes it look like there's a ghost in the upstairs window, Madeline and Annabel decide to embrace the publicity and make up a story that embellishes on the history of Edgar Allan Poe, who famously haunts the city, adding the bar to the list of haunted outings for tourists.

But on opening night of their new venture, Annabel goes missing, and soon, strange things begin to happen not only in the bar, but in their neighborhood. Because Annabel isn't the only bartender to disappear, and it's clear a killer is on the loose, one who leaves a calling card every time a body is found: a single rose and bottle of sherry.

Mad, desperate to uncover the truth behind what happened to her sister, finds herself confronted with the dark underbelly of a haunting Baltimore, and as she digs, she'll come to realize that real life can be even darker than the ghost stories that haunt us.

All the Little Secrets

May Cobb

From the author of *The Hunting Wives* (now a hit Netflix series) comes the follow-up to *All the Little Houses*—a deliciously wicked thriller, chasing down the chaos after one woman’s self-made Texas empire ends with a dead body and a whole lot of questions.

Charleigh Andersen is dead. The police have lots and lots of questions about her death, but none of the answers seem to really add up. Even after lie detector tests, the detective is no closer to closing the books on the killer.

But Charleigh’s murderer won’t let that stand. The truth is just a silly little construct—all that matters is who takes the fall. This unfortunate death can be traced to a few different suspects—and Charleigh’s killer plans to stop another life by putting someone else behind bars. Did they commit the crime? Well, no, not that crime. But no one is innocent here, not in the land of big hair and bigger mischief. You can’t get what you want without a little collateral damage—and everything’s bitchier in Texas.

Set in small-town East Texas, a heartwarming tale of rediscovering joy in unexpected places from award-winning author Michelle Stimpson.

Joyce Hicks, newly divorced after a decades-long marriage, returns to her late father's house in the small East Texas town of Robin Creek. Determined to prove she can stand on her own, Joyce grapples with unfinished renovations that force her to share her kitchen with her tenant, Gabriella Santos, a 26-year-old aspiring chef with dreams of opening a restaurant serving innovative Black and Mexican cuisine.

As the two women navigate their shared space, their unlikely friendship grows. Joyce's summer plans are upended when her daughter, Terri, insists that Joyce care for her grandson, Elijah, for seven weeks. As Elijah's presence brings old and new challenges, Joyce must confront her relationship with her ex-husband, her daughter's judgments, and her own insecurities.

Meanwhile, Gabriella's passion for cooking and her vibrant personality infuse the household with energy, even as she faces her own struggles with self-doubt and heartbreak. Together, they form a patchwork family that supports each other through life's highs and lows. When an old flame, Richard, reappears in Joyce's life, she must decide whether to embrace love again or continue her journey alone.

- **Award-winning author:** Michelle Stimpson is an award-winning and *Essence*® bestselling author known for writing compelling stories with an authentic Southern voice.
- **Strong comps:** Southern fiction comparable to Terry McMillan, Terah Shelton Harris, and *The Chicken Sisters* by KJ Dell'Antonia (2020; 97,035 P+E).
- **A book club gem:** Ideal for discussions about second chances, forgiveness, beloved foods and new recipes, and the experiences of a Black woman in the South.

The perfect companion in times of grief and sorrow.

In life, loss is inevitable, and though grief is a normal response to loss, most of us were never taught what to do with our grief—or how to support others with theirs. This is especially true when we experience non-death losses like a miscarriage or a divorce, where there are no societal norms for processing the profound grief we feel. Rituals can step into this gap, honoring our need to release, remember, recognize, and reconnect to heal our grief.

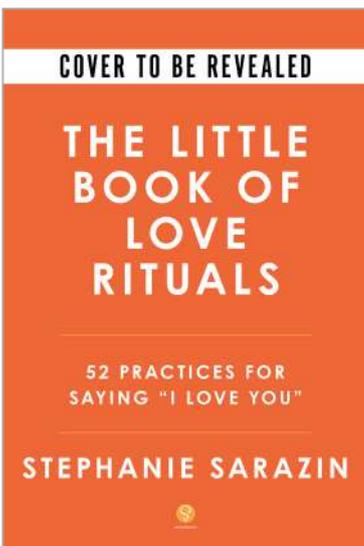

Whether seeking to ease the ache of a personal heartbreak or extend support to a grieving friend, *The Little Book of Loss Rituals* invites readers to explore rituals like never before; by remembering our loss, releasing pain, reconnecting with others, and recognizing rituals as our ancestors did for millennia—as a powerful tool for healing. This book offers over 75 gentle, practical actions to help honor what was, hold what hurts, and slowly rediscover life.

Build ongoing practices that help you stay present to your pain and your aliveness, healthfully integrating grief as a part of you, not something that defines you.

- **A new framework for grief:** Loss is inevitable, grief is the natural response, and ritual is the human remedy.
- **Includes 75 rituals:** From different cultures, centuries, and traditions, the book includes examples and narratives of 75 rituals that can be borrowed and adapted to honor any loss or change in your life.
- **Educational:** Expands our understanding and language of grief to include ambiguous grief, disenfranchised grief, identity grief, shadow losses, and more.

The Little Book of Love Rituals

Love, actually, is more than hearts and roses.

Love has become a \$27-billion industry—Valentine’s Day, elaborate weddings, anniversary pressures, proposals, and more. Somewhere in the rush of Valentine’s Day aisles and rom-com fantasies, we started believing that love is mostly roses and romance.

But real love has always been more expansive. The ancient Greeks identified many forms of love—deep friendship, family devotion, playful affection, unconditional care, even the love we hold for our communities and the wider world. And in a time when division keeps pulling us apart, rediscovering these forms of love matters more than ever.

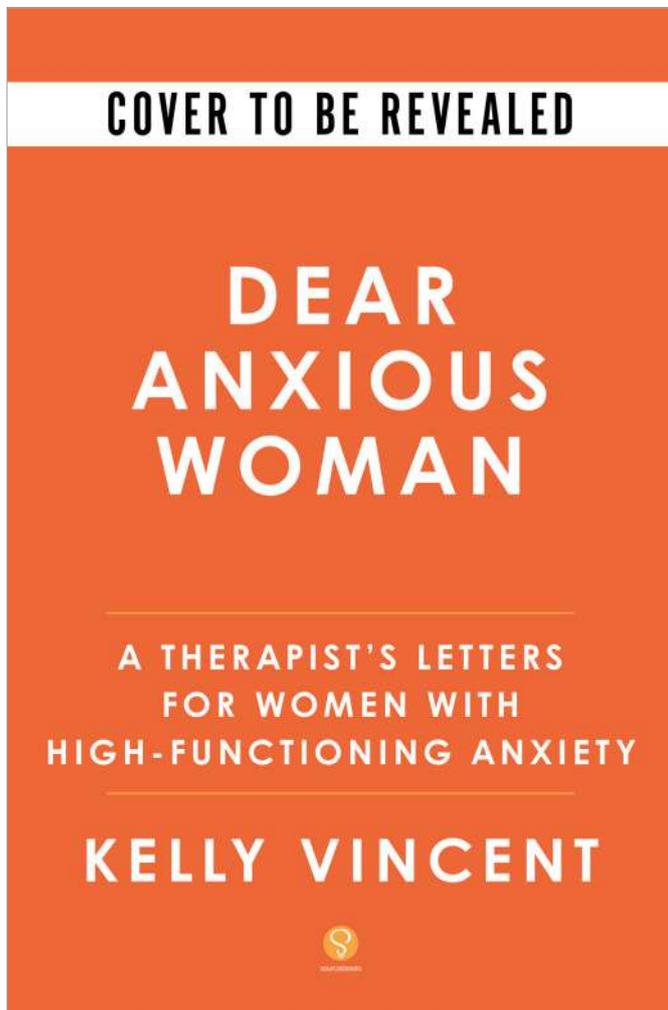

The Little Book of Love Rituals helps us return to what love truly is: a daily practice.

Simple, grounding, and intentional, these rituals offer small moments of intention that strengthen the bonds that already surround you.

- **Rediscover the many forms of love:** Expand your definition of love beyond romance to include the seven loves named by the Ancient Greeks.
- **Experience 52 rituals for deeper connection:** From different cultures, centuries, and traditions, the book includes examples and narratives of 52 rituals for honoring and celebrating all of the people, pets, and passions that bring meaning to your life.
- **Embrace a more expansive language of love:** Learn frameworks and practices that cultivate empathy, strengthen relationships, and invite more joy and appreciation into everyday moments.

Dear Anxious Woman

A compassionate guide for the woman who never stops trying.

She's the woman everyone counts on—capable, accomplished, and dependable. On the outside, it looks like she has it all together, but on the inside she knows the truth. She's exhausted. What's more, she's caught in cycles of overthinking, perfectionism, and self-doubt.

This is High-Functioning Anxiety—and if you recognize yourself here, this book was written for you.

Dear Anxious Woman isn't another checklist or step-by-step plan to "fix" yourself. Instead, it's a deeply human conversation: a collection of heartfelt letters from a therapist who understands what it's like to be the strong one, the reliable one, the woman who holds everything together.

Through real client stories, personal reflections, and evidence-based healing tools, each chapter speaks directly to a different part of the high-functioning anxiety experience—perfectionism, people-pleasing, overthinking, difficulty resting, fear of failure, and more. You'll meet women who feel like they're always falling behind, who can't say no, who carry everyone else's needs while ignoring their own—and see yourself in their stories.

You don't have to hold it all together anymore.

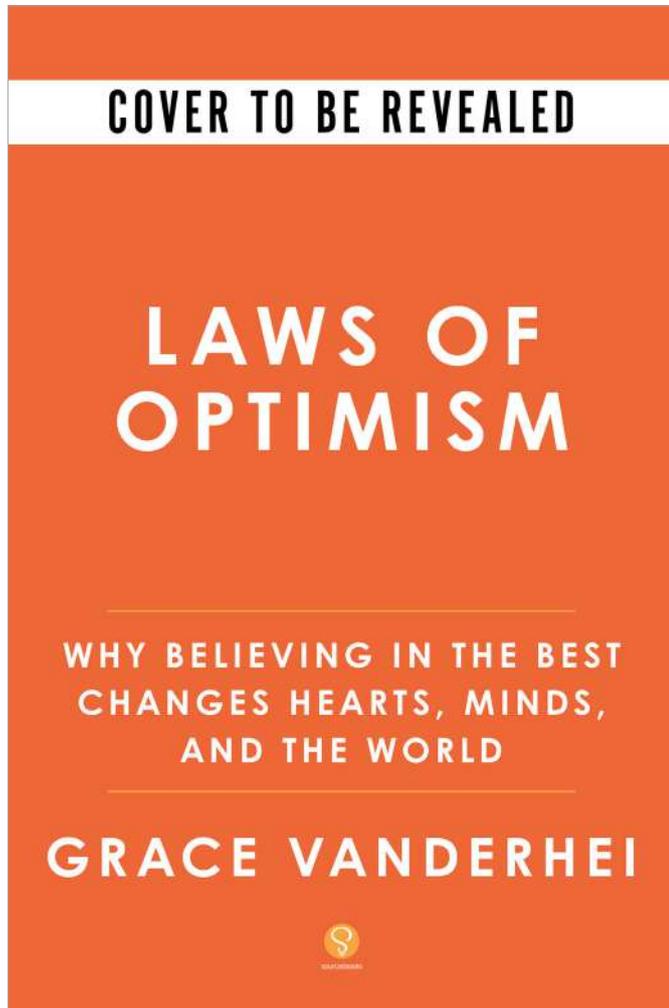

In these pages, you'll learn how to:

- Recognize the hidden patterns driving your anxiety to understand why rest feels so uncomfortable—and how to allow it without guilt.
- Calm your nervous system instead of pushing through. Loosen perfectionism and self-doubt.
- Feel capable without feeling constantly on edge.

If you're tired of managing your anxiety instead of understanding it—tired of being the strong one who never gets to rest—*Dear Anxious Woman* offers a compassionate path forward.

The Laws of Optimism

The one belief that sparks change for good.

In *The Laws of Optimism*, former Miss America and nuclear engineer Grace Vanderhei reframes optimism not as blind positivity or wishful thinking, but as a powerful, learnable skill—one that fuels action, resilience, and meaningful change. Drawing on science, psychology, and deeply personal storytelling, Grace shows how believing in the best for yourself creates a chain reaction: optimism strengthens motivation, motivation sparks action, and action reshapes outcomes.

Blending real-world research with lived experience, *The Laws of Optimism* reveals how small shifts in belief can unlock momentum in your personal life, your relationships, your workplace, and beyond. From navigating setbacks to standing firm in uncertain moments, this book offers practical strategies for choosing optimism when it matters most—especially when it feels hardest.

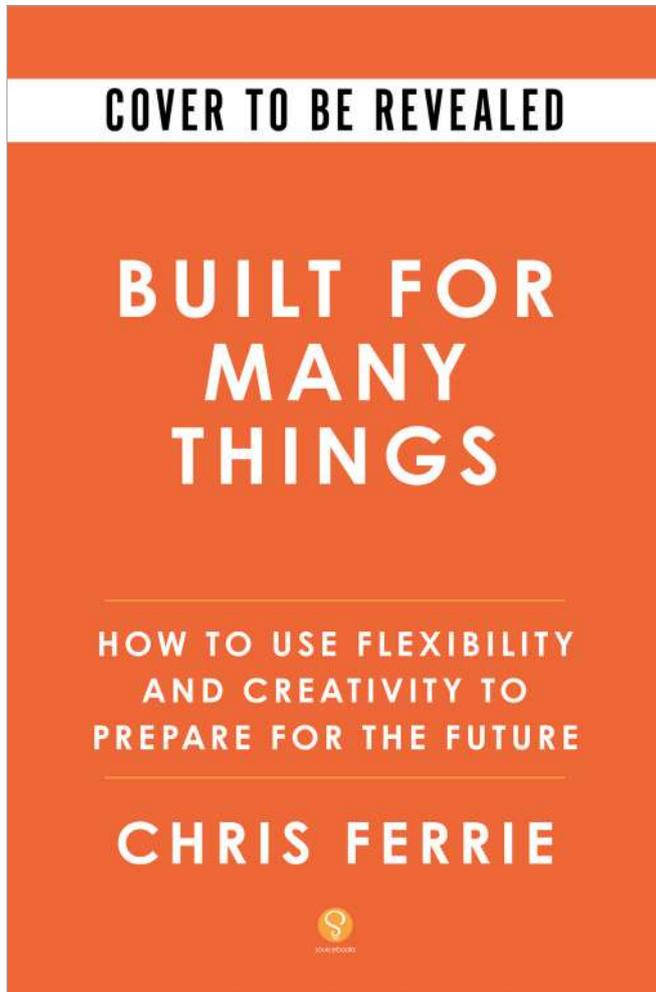

Readers will learn how to:

- Use optimism as a skill—not a personality trait—to navigate uncertainty and setbacks
- Build belief in themselves when the odds feel stacked against them
- Turn optimism into motivation, and motivation into meaningful action
- Apply optimism in everyday life, from personal decisions to professional challenges
- Create a ripple effect of hope that strengthens relationships, teams, and communities

Optimism, Grace argues, isn't about ignoring reality. It's about engaging with it more fully. When you learn to root for yourself, you don't just change your own life—you help create a future worth believing in.

Built for Many Things

Chris Ferrie

Gig economies, post-institutional credibility, automation, and AI displacement. In a complex, volatile world, you are no longer allowed the luxury of a one-track identity or belonging. Systems change faster than identities can settle. You will be misunderstood, displaced, or devalued in one field or another. The only way to retain your agency is to embrace the role of the stranger, or polymath—not reluctantly, but skillfully.

A polymath is someone who excels in more than one field, who sees knowledge not as a silo, but as a network. Leonardo da Vinci is the classic example—artist, anatomist, inventor. But polymaths aren't just Renaissance painters or eccentric geniuses. They're everywhere today—in science, business, education, design, leadership, and so on.

In fact, the future belongs to them.

And here's the most important part: you don't have to be born a polymath. You can train for it. This book will show you how.

We can save the planet, but first we need to break the rules.

The natural world is struggling. Climate change, ecosystem destruction, and biodiversity loss threaten wildlife across the globe. Forrest Galante—wildlife biologist, conservationist, and host of Animal Planet’s *Extinct or Alive*—believes the solution is simple: get sh*t done. Too often, institutions move too slowly while habitats burn and species disappear.

What would conservation look like if we broke the rules and embraced radical action? In this fearless and eye-opening book, Galante challenges outdated systems and explores how creativity, urgency, and bold thinking can actually deliver results for the planet.

Dubbed “The Indiana Jones of Biology,” Galante takes readers behind the scenes of modern conservation, sharing epic adventures across the globe—from diving beneath glaciers in Alaska and saving African elephants in remote villages to exploring de-extinction efforts and even searching for walking sharks. This is a call to expand what conservation can be—and who it’s for.

- **A star author:** Animal Planet and Discovery Channel host with over one million combined followers across social platforms.
- **Timely topic:** A hopeful, urgent look at how we must rethink conservation as parks and protected spaces face increasing threats.
- **Pop science meets adventure:** A compelling blend of accessible science and thrilling real-world expeditions with strong crossover appeal.

Build the life you want—one corner, one room, and one belief at a time.

HGTV star and celebrated interior designer Sabrina Soto has transformed hundreds of homes—but *The Home Within* is her most meaningful work yet. Drawing from her own story as the daughter of Cuban immigrants and experiencing homelessness as a teenager, Soto shares how anyone can begin redesigning their life from the inside out.

Our homes are more than places we live. They influence our mindset, habits, relationships, and sense of possibility. When designed with intention, they become powerful tools for confidence, clarity, and personal growth.

In *The Home Within*, Soto blends interior design with personal development and spiritual insight, guiding readers to create spaces that support who they are becoming—not who they've been forced to be. Throughout this journey, readers will not only envision a more beautiful home, but gain a deeper understanding of what they truly need to thrive.

At its heart, *The Home Within* delivers a powerful message: you don't need a perfect past or unlimited resources to begin. Transformation starts right where you are—by believing you deserve better and designing accordingly.

- **From HGTV star Sabrina Soto:** Sabrina Soto is the host of HGTV's *The Sabrina Soto Show*, host of the *Redesigning Life* podcast, and former host of *The High-Low Project*.
- **Home design as soul care:** Learn empowering truths about how our physical environment—especially our homes—impacts how we view our lives and our selves.
- **Build a life that you love:** This book will offer practical insights for curating and refining a life that you love, starting with the place you call home.

The Table Where We Meet

Jess Janz

We all want to be known. Most of us just don't know how to begin.

When Jess Janz craved deeper conversations in a world of small talk, she took a leap. What began as a casual idea in a hair salon became *Dinner With Strangers*: a growing movement where guests gather around a table, introduce themselves without mentioning work, and share who they are beyond the job title. No scripts or expectations—just curiosity, courage, and connection.

In *The Table Where We Meet*, Janz reflects on lessons learned from hosting dinners with more than a thousand strangers across North America. Through tender, practical essays and unforgettable stories, she explores what it means to belong, how to ask better questions, and why meaningful connection requires the risk of being truly seen.

For anyone who's ever felt lonely in a crowd or tired of surface-level chatter, this book is part guide, part memoir, and part quiet revolution—one dinner at a time.

- **Think beyond the job title:** A timely invitation to look past titles, personas, and curated lives to consider how we truly know one another.
- **Find the courage to connect:** Lyrical, vulnerable writing that examines better questions, intimacy, and the difference between connection and community.
- **Join a movement:** Inspires readers to approach everyday interactions with curiosity and openness.

You'll never believe what's inside people's heads! This humorous and heartwarming collection of stories from a neurosurgeon reminds us all that life is hopeful, tender—and a little bit squishy.

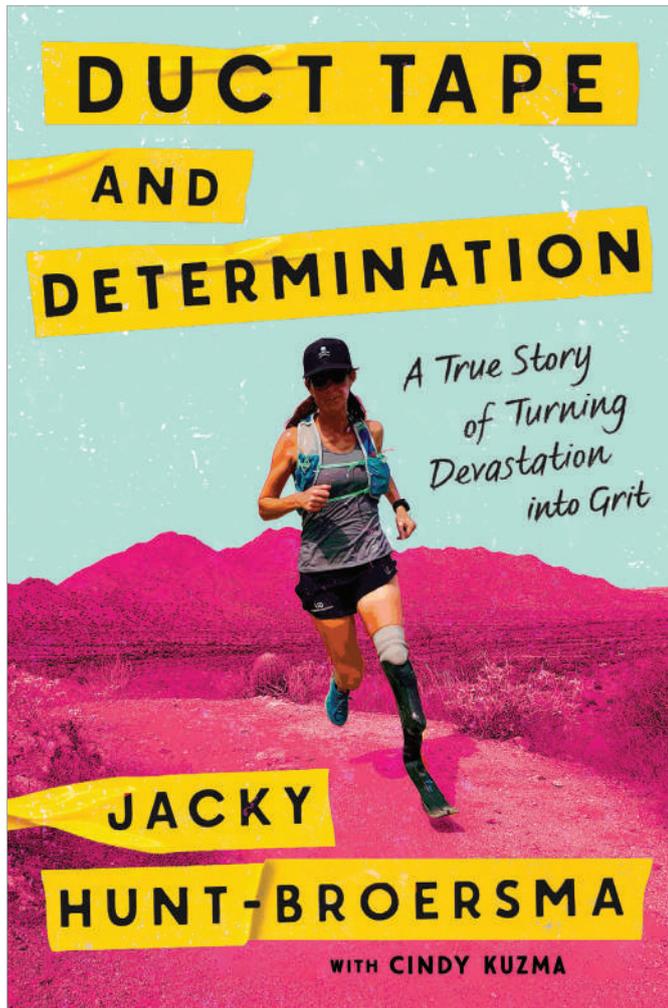

You might think brain surgery is all cool precision and high-stakes drama. Sometimes it is. But more often, it's a gritty, smelly, surprisingly absurd job—one that involves titanium screws, nerve sacs the size of grapes, and moments so human they'll break your heart or make you snort with laughter behind your surgical mask. In *Off the Top of My Head*, Dr. Barbara Lazio peels back the sterile curtain of the operating room and shares the unexpected stories that come with a life spent elbows-deep in the human brain.

With warmth, wit, and a scalpel-sharp eye for detail, Dr. Lazio invites readers into her world—where mortality is never far away, but neither is meaning, connection, or the occasional gallows-humored joke.

- **Engrossing narrative nonfiction:** Combining the literary curiosity of *The Man Who Mistook His Wife for a Hat* with the emotional depth of *Being Mortal*, this is narrative nonfiction that will make you laugh, cry, and marvel at the messy miracle of being alive.
- **A look inside an uncommon profession:** Go beyond the drama of brain surgery to discover the humanity, humor, and everyday absurdity of life inside a neurosurgical suite—where miracles happen, mistakes are inevitable, and every skull tells a story.
- **Incredibly qualified author:** Dr. Lazio brings warmth, wit, and clarity to a field often shrouded in mystery and jargon, offering readers an inside look at one of medicine's most elite specialties—without ever losing the human thread.

Duct Tape and Determination

A devastating diagnosis. A life-changing amputation. And Jacky Hunt-Broersma's realization that she could still achieve more than she had ever dreamed possible. *Duct Tape and Determination* is a memoir of overcoming the odds by a world record-holding ultrarunner who proves that the only limit is ourselves.

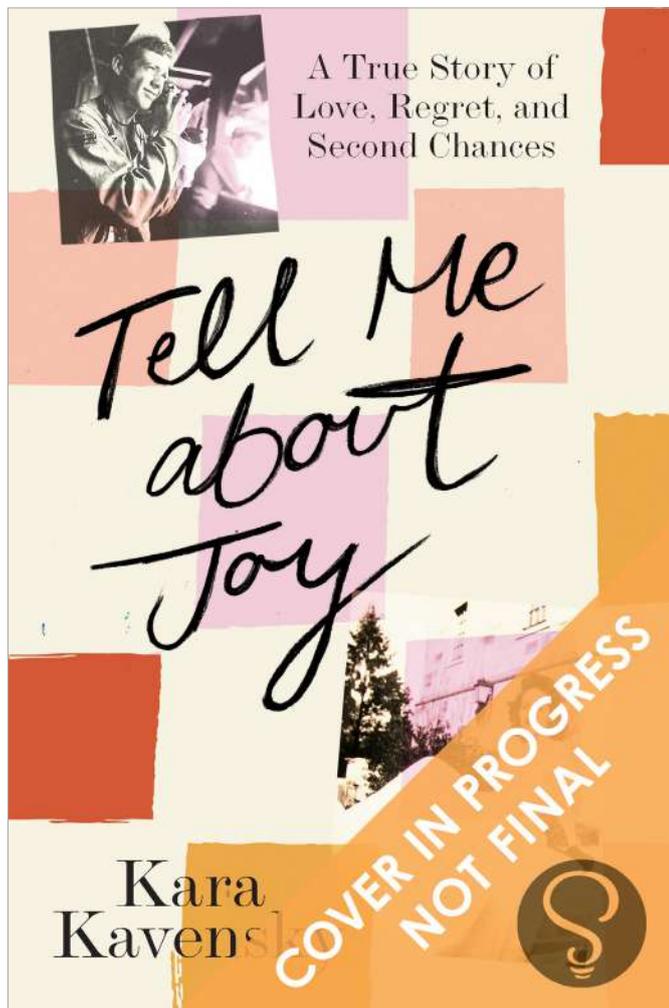

After a shocking diagnosis in her mid-20s changed her life forever, Jacky Hunt-Broersma spent nearly 20 years hiding her disability—sometimes even from herself. Everything changed when she found running. As she pushed her body and mind to new limits, she discovered the resilience to do hard things—and to find joy along the way.

Today, Jacky is among the most accomplished amputee trail and ultrarunners in the world and a fierce advocate for cancer survivors and adaptive athletes. In *Duct Tape and Determination*, she shares the lessons that carried her forward, offering readers practical insights into goal-setting, adaptability, self-advocacy, and the power of asking for help. Because sometimes, when life feels like it's falling apart, all you need is a little duct tape to keep going.

- **Inspiration for everyone:** A powerful story that encourages readers to set bold goals—whether or not they're runners.
- **Well-known author:** One of the world's top female ultrarunners, sponsored by brands like Garmin and Altra, and widely respected in the running community.
- **On-trend topic:** Women's running memoirs are having a major moment; this book expands the conversation into the compelling world of ultrarunning.

A forgotten wartime romance. A journalist on the brink. And the truth that it's never too late for love.

For readers of *Eat, Pray, Love* and *From Strength to Strength*, this poignant true story reminds us that we are all deserving of great love.

Kara is a journalist stuck in a crumbling marriage, quietly losing hope. Assigned to write a human-interest piece on WWII veterans, she meets Bob—a sharp, charming nonagenarian with one lifelong regret: that he never asked his wartime sweetheart, Joy, to marry him.

Decades have passed. Joy is somewhere out there. And Bob has one last wish—to find her before it's too late.

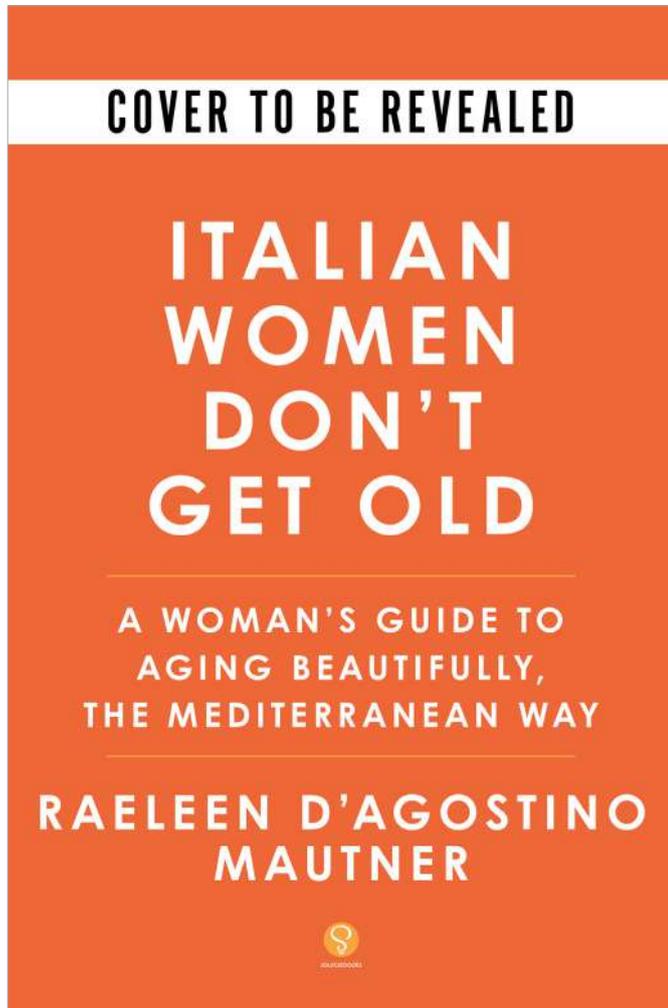

As Kara sets out to reunite two long-lost lovers, her assignment becomes a journey that forces her to confront her own losses and longings. What unfolds is a moving exploration of memory, healing, and the enduring power of love.

Tell Me About Joy is a beautifully written true story about second chances, the choices we carry, and the unexpected ways love can find us again.

- **A one-of-a-kind true story:** A real-life reunion of two WWII sweethearts nearly seventy years later, offering a rare and deeply emotional payoff.
- **Dual narrative of healing:** Blends investigative discovery with personal reckoning as the author reclaims her own right to joy.
- **Perfect for memoir readers:** Will resonate with fans of uplifting, reflective stories about enduring love and second chances.

An Italian-inspired path to beauty at every age.

In a culture obsessed with youth, aging can feel like a losing battle. Wrinkles are erased, bodies are scrutinized, and women are told—implicitly and explicitly—that relevance fades with time. But in Italy, women live by a radically different philosophy.

Italian Women Don't Get Old reveals the Mediterranean secrets of confidence, vitality, and grace that keep la donna italiana radiant at every age. Rather than fighting time, Italian women embrace it—cultivating a beauty rooted in self-respect, pleasure, presence, and care for both inner and outer life.

Drawing on body image research, psychology, and the lived wisdom of Italian women themselves, *Italian Women Don't Get Old* offers a practical, empowering framework for restoring a positive relationship with your body—one that enriches your interior life, your outer world, and your daily self-care rituals.

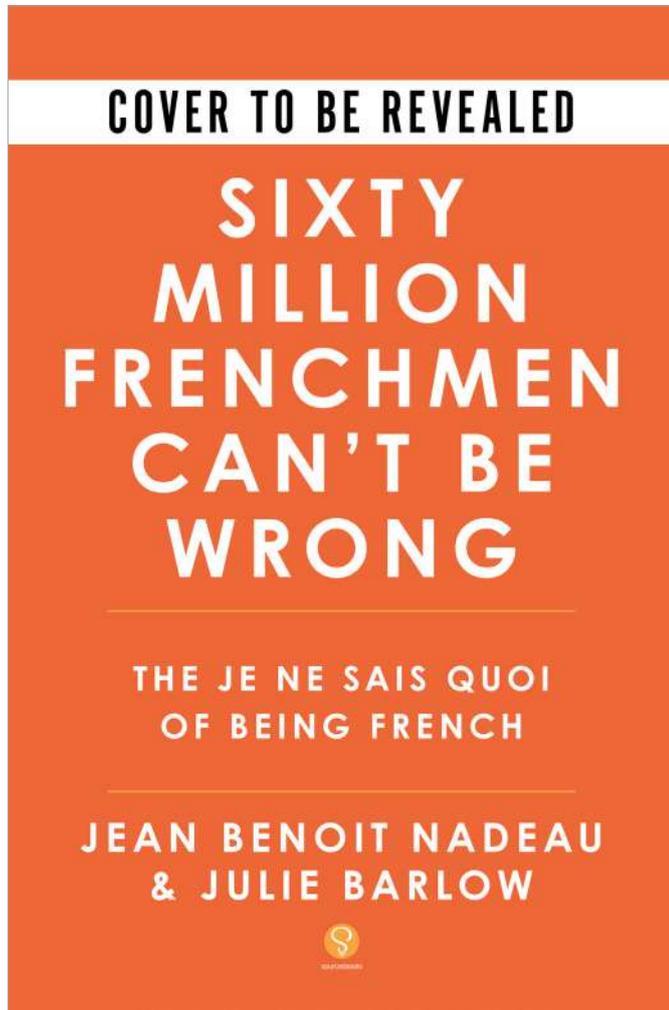

Readers will learn how to:

- Enhance emotional well-being by surrounding themselves with beauty, meaning, and pleasure
- Practice Italian-inspired self-care rituals that support both confidence and vitality
- Embrace la bella figura—presenting oneself with intention, dignity, and pride at any age
- Model a healthier, more sustainable body image for the next generation of women

With warmth and wisdom, *Italian Women Don't Get Old* invites you to step fully into the woman you are becoming, honoring your body not as a problem to be fixed, but as a source of pleasure, power, and possibility. This is a celebration of beauty that deepens with time—and of a life lived with intention, confidence, and joy.

Sixty Million Frenchmen Can't Be Wrong

“Learning to love the French as they are.” —*The New York Times*

In this cultural and historical guide, award-winning authors Julie Barlow and Jean-Benoît Nadeau reveal the mysteries behind French culture and answer the question: What makes the French so French?

Why must you always say *bonjour* when entering a store in France? What gives the French their deep connection to the land? And why do they always seem to be protesting something? In *Sixty Million Frenchmen Can't Be Wrong*, Barlow and Nadeau answer these questions and many more. This fully updated second edition of the international bestseller offers fresh insight into a complex and fascinating society.

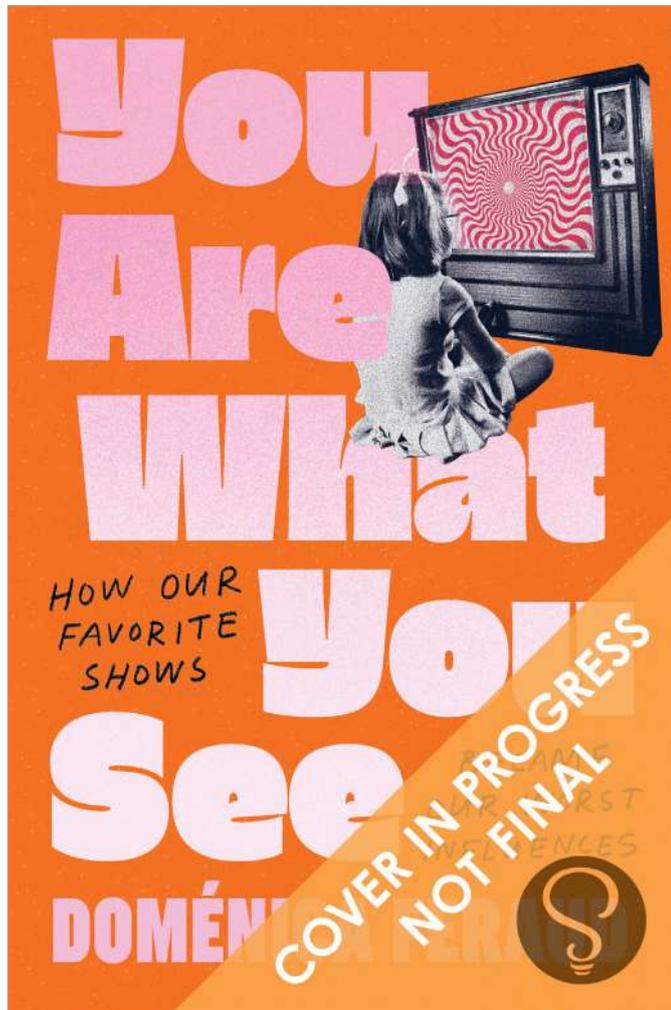

Drawing on meticulous research and decades of lived experience, the authors reveal how the French think, live, and relate to the world—unpacking the traditions, values, and contradictions that shaped France's identity as a cultural giant.

Engaging, informative, and often surprising, this book invites readers to see France with new eyes.

- **International bestseller:** A fully updated second edition reflecting twenty additional years of experience and insight.
- **Widely praised:** Previous editions earned acclaim from *The New York Times*, *Publishers Weekly*, *The Wall Street Journal*, and more.
- **Expert authors:** Barlow and Nadeau have lived in France for many years and written about French culture for decades.

Entertainment was never just entertainment... It was instruction.

From the sleek hallways of Constance Billard to the rainy corridors of Grey Sloan Memorial Hospital, Domenica Feraud—like so many of us—was raised by TV. It was her greatest comfort, obsession, and form of therapy, shaping her ideas of love, power, beauty, and self-worth frame by frame.

But what if the stories that comforted women also taught us how to disappear?

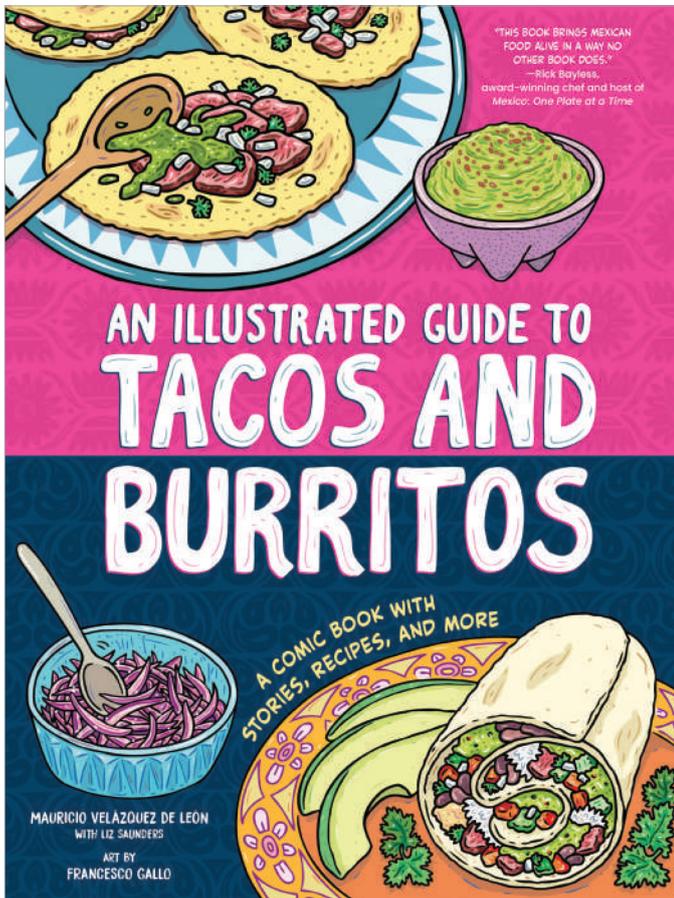

In *You Are What You See*, Feraud peels back the shiny veneer of pop culture to uncover the deeper truths encoded in our favorite media. With fierce intellect and unflinching vulnerability, she revisits the onscreen moments that taught her how to exist as a woman—how to eat, please, and love—for better or worse. From sitcom banter to office romance, she exposes the quiet violence of cultural messaging and the radical possibility of unlearning it.

Blending cultural criticism, personal narrative, and feminist inquiry, this essay collection invites readers to reclaim their gaze and rewrite the stories they've been told about who they are. For anyone shaped by reruns or drawn to complicated characters, *You Are What You See* is a mirror, a reckoning, and a call to demand more.

- **Pop culture appeal:** Insightful essays on the TV shows and films that shaped women's lives, written for readers who love deep pop-culture analysis.
- **Feminist and LGBTQIA+ lens:** Explores sexuality and feminist identity through entertainment media.
- **Star author:** A *New York Times* Critic's Choice writer with a sharp, relatable voice.

An Illustrated Guide to Tacos and Burritos

Mauricio Velázquez de León

A vibrant, comic book-style cookbook packed with fun information and hundreds of authentic recipes for tacos and burritos.

This innovative format makes cooking immersive and intuitive, with step-by-step illustrations guiding readers through everything from classic tacos to burritos, salsas, and condiments. Blending engaging culinary storytelling with practical instruction, this book empowers home cooks of all levels to master the magic of Mexican food—one taco or burrito at a time.

- An accessible and easy-to-follow comic book cookbook for making delicious, authentic tacos and burritos at home. Includes tips and techniques for prepping the ingredients, a graphic pantry section, and tons of fun background information. Comprehensive, accessible, authentic recipes for all experience levels.
- Tacos and burritos: The food trend that isn't going away. Iconic dishes with ancient roots but modern popularity. Tacos and burritos are deeply entrenched in the food culture of the United States and all over the world.

Nurture self-love through calming coloring pages, puzzles, and guided activities.

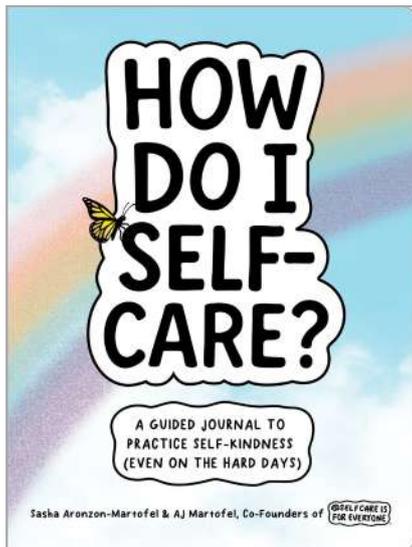

Self-Love Activity and Coloring Book for Women lets you color mindfully and tackle stimulating challenges like crosswords and word searches, centered on self-love to foster personal growth and boost confidence. Part of the bestselling series including *Self-Love Workbook for Women* (760K POS to date), this activity book extends the journey of self-discovery in an interactive, uplifting way.

Unwind with an engaging and enjoyable mix of coloring, puzzles, and guided prompts designed to inspire confidence and calm. This uplifting book helps you slow down, explore your self-beliefs, and nurture lasting self-love. It turns downtime into self-care—reframing relaxation as restorative time that boosts mindfulness, positivity, and self-worth.

- **Part of a bestselling series:** The latest in the Self-Love for Women series, trusted by nearly 1 million readers, this book adds puzzles and coloring experiences that invite playful reflection.
- **Turns downtime into self-care:** Reframes relaxation as productive, restorative time that boosts positivity, mindfulness, and confidence with the help of writing prompts, quotes, and affirmations.

Being kind to yourself isn't always easy—but *How Do I Self-Care?* shows you how to be your own best friend, even on the hard days. It comes from AJ and Sasha Martofel, the couple behind *Self-Care Is For Everyone*, a platform and community of over 1 MILLION social media followers dedicated to self-care, mental health, and healing.

This colorful guided journal redefines self-care as more than spa days or “fixing” yourself, but instead embracing life’s ups and downs with patience and kindness. With prompts, activities, and *Self-Care Is for Everyone*’s signature viral art work and affirmations—featured on Kleenex boxes in Target stores across the U.S.—it offers a creative path to treat yourself with the love you deserve.

- **1 Million fans:** *Self-Care Is For Everyone* is the Instagram account & merch brand of AJ & Sasha Martofel. Their viral illustrated affirmations will appear on Kleenex boxes in Target nationwide soon after pub; they will promote the book via their platform, media & partnerships with influencers & celebrities.
- **Fun, colorful design:** This guided journal takes readers on a vibrantly illustrated journey of self-discovery, with prompts, practices, and reassuring reminders.
- **Self-care, redefined:** Goes beyond spa days and quick fixes, with a refreshing take on self-care as navigating life’s inevitable ups and downs with patience and kindness to yourself.

Get out of your brain and into your body with this beginner's guide to somatic exercises for improved mental health and overall well-being.

Building on the ideas popularized by the bestseller *The Body Keeps the Score*, this beginner’s guide offers soothing practices and illustrated physical exercises to help readers support their mental health and overall well-being. With expert advice from credentialed author Toni Teixeira, LCSW, including clear explanations of the concepts behind somatic theory, readers can trust this tool to not only help them move, but also to understand why movement works.

- **Rising stress:** An APA poll found 43% of adults reported feeling more anxious than they did the previous year, up from 37% in '23 and 32% in '22. Our timely, helpful tool meets this rising trend.
- **Illustrations make it easy:** Our book features 33 exercises with step-by-step illustrations and 27 simple exercises—unlike leading comps in the space.
- **An alternative therapeutic modality growing in popularity:** Address mental health where it’s felt, in the body, rather than trying to tend to difficult thoughts.

Step into 25 remarkable stories of baseball during WWII—when stars became soldiers, courage was tested, fans cheered for hope, women took the field, and the game began to change forever.

Follow Yogi Berra braving enemy fire on D-Day, and the untold story of a rising minor leaguer who traded his uniform for service. Along with Jackie Robinson's Double V campaign pushing baseball toward integration, and Sophie "the Flash" Kurys stealing 201 bases in a single season to redefine women's role in the game—this is baseball reshaped by war and transformed forever.

- **Seasonal home run:** Timed perfectly for Father's Day and the kickoff of the 2027 MLB season, ensuring strong seasonal relevance and gifting appeal.
- **A fresh take on wartime baseball:** This collection highlights famous stars, women athletes, and overlooked players whose stories bring a diverse, untold side of WWII baseball to life.

Crochet superstar Genna Tatu invites you to turn chenille yarn into incredibly cute, jumbo plushies with this book of 30 crochet amigurumi patterns that's perfect for beginners.

Enter the world of jumbo amigurumi with renowned chenille plushie expert Genna Tatu! With 30 patterns, including some no-sew and low-sew patterns, this book is perfect for fans of *No-Sew Mini Amigurumi* and *Crochet Cute Critters*. Jumbo-sized toys (all at least 12" tall, or as big as a throw pillow), will include characters such as an Axolotl, an opossum, and a sloth!

- **Influencer author:** Genna Tatu's accounts boast over 140k followers on Tiktok and 268k on Instagram, while her sales on Etsy total 78k purchases. Genna's videos have over 3.5 MILLION views. Her previous book had 2,200 first-week sales.
- **Media-savvy author:** Genna's singularly good at engaging crafts fans and the wider world. First-week sales of her book with Page Street totaled 2,236 units—driven by pre-sales from her fans. Videos on her income from her crocheting even garnered interest from the *New York Post*.
- **A trend with staying power:** Over 10 million videos are tagged #crochet on Tiktok, while Google shows crochet never dropping from search popularity. A popular perennial craft, incredible influencer, and Callisto's performance with craft books? That's an unbeatable combination.
